

SHIPWORKER IS SHOT DEAD IN ALAMEDA

Killing Follows Quarrel in
Office of Bethlehem Co.;
Captain of Guard at Plant
Is Arrested After Fight

Witnesses Say Slain Employee
Was Fleeing When Bullet
Struck Him; Prisoner As-
serts He Defended Himself

Paul Goldstone, 19, a shipyard
worker, was shot and killed this
morning in the employment office
of the Alameda plant of the Beth-
lehem Shipbuilding Corporation by
Dan Ferguson, captain of the com-
pany's guard detail, after the men
had exchanged several blows fol-
lowing an argument.

Reports made to the Alameda police
conflict as to the causes which
led up to the killing and to the de-
tails of Ferguson's responsibility.

According to several witnesses Fer-
guson shot Goldstone in self-protec-
tion.

According to the Alameda police
headquarters, admitted having fired
two shots at Goldstone while the lat-
ter was running away from the ship-
yard, but asserted he had not aimed
deliberately at the youth, but merely
had attempted to halt him, so he
could be placed under arrest.

FERGUSON TELLS
POLICE OF SHOOTING

Ferguson was called at the
shipyard office to see Goldstone
him; that a dispute arose over an
alleged shortage in the amount due
Goldstone, and that he had been
summoned to eject the boy.

It was while endeavoring to force
Goldstone to leave the office, accord-
ing to the story said to have been
related by Ferguson, that he was
struck several times by the boy. Fer-
guson then determined to place
Goldstone under arrest, it is said,
and fired two shots through the heart
of the youth, who was fleeing from
Goldstone's left side causing almost in-
stant death.

Other witnesses, including Police-
man Stanley Leonard, who was
passing the plant at the time, de-
clare Goldstone was fleeing from the
office and was running on the high-
way some distance from the yard
when he was shot through the heart
by one of the two bullets fired from
Ferguson's pistol.

WITNESS SAYS SLAIN
MAN TRIED TO FLEE

Police officers were quoted as
having said Goldstone had tried to
flee in his automobile, and, after
failing to start the vehicle, had
climbed into another machine, at
the same time remarking to a man
sitting in the machine:

"Watch Captain Ferguson; he's
going to shoot me."

As near as could be established by
the police in preliminary investiga-
tion, Goldstone, who had been work-
ing in the yard, called at the cash-
ier's desk for wages due him. An
argument ensued, it was said, and
Ferguson was summoned.

Both Goldstone and Ferguson, ac-
cording to witnesses, became in-
volved in a heated controversy, which
culminated in Ferguson striking
Goldstone with his fist. The men
were then to have engaged in a
combat. When Ferguson reached
for a revolver, Goldstone is said to
have started in the direction of the
exit.

CAPTAIN OF GUARD
PUT UNDER ARREST

Policeman Loveland's report of
the shooting was substantiated in
many particulars by Edward Nelson,
a mattress worker residing at 1422
Seventh avenue, who was passing the
plant on his way to Oakland. He
said Goldstone was fleeing from Fer-
guson when the latter fired the shot
which struck Nelson's brother.

Ferguson's son, a widely-known
aviator, recently was killed in an
airplane accident at San Jose.

Goldstone lived with his parents
at 1821 Lincoln avenue, Alameda.
His father, John Goldstone, is a well-
known oil operator.

Man Stabbed by Wife's
Brother Is Recovering

HANFORD, April 15.—Joe Parella,
who was stabbed twice by his
brother-in-law, Mike Conti, ex-sol-
dier, Wednesday evening, was re-
ported as progressing favorably. One
cut was in the back below the ribs
and the other in the abdomen. It
will be several days before Parella
will be out of danger. He is said to be
unwilling to charge his brother
with attempted murder. Conti is still
at large but the police hope to ap-
prehend him today.

Army Airman Killed
in 200 Feet Fall

BY INTERNATIONAL NEWS SERVICE.
LEADS WIRE TO TRIBUNE.

WASHINGTON, April 15.—Lieut-
enant James J. Langin, U. S. A.,
was killed when his plane crashed
at Bolling field here shortly after
10:30 today. The plane disintegrated
at a height of 200 feet and caught
fire when it struck the ground.

Sex, Salad, Race Suicide Are Debated

MISS FLORENCE LE GANKIE

Child Labor Frowned On as Leading to Delinquency

Cafeteria trays have sex.
What will the Anglo-Saxon race
do unless big families again come
into fashion?

Courses in "How to Enjoy
Yourself at Home" must be estab-
lished in the universities.

Over-play of child workers of
war days is responsible for increase
in juvenile delinquency.

These things, and others, were
discussed at the tenth annual conven-
tion of the California Congress of
Mothers, in session in San Francisco
Civic Auditorium today.

Miss Florence Le Gankie, director of home
economics in the Oakland School De-
partment, and Rev. Harvey V. Miller
of Sacramento, were the principal
speakers.

Chicken salad for the women of
the east; crab & shrimp salad for
the women of the west; hot rolls, hot
chocolate topped off with whipped
cream and French pastry, make up
the feminine cafeteria tray, accord-
ing to Miss Le Gankie. The mas-
culine tray includes roast beef, mashed
potatoes, pie with ice cream.

The speaker declared that she could
tell the sex of the eat-see by glancing at
the array of food.

"Oakland has a larger percentage
of undernourished children than any
city of the United States in which
statistics have been gathered," ac-
cording to Miss Le Gankie. She
found in the indicting climate
which forces to action without proper
rest a principal reason for this con-
dition. Miss Le Gankie urged mothers
to feed their children the value of
ready-to-eat food and how to
buy it. She advocated all labor sav-
ing devices in the home.

ANGLO SAXON HOME
IS BUILT

"In the rising tide of humanity
what will we do unless big families
again come into fashion?" Rev.
Harvey Miller demanded of the con-
vention. He asserted that the Anglo
race is cutting down its off-
spring to one or two or even none.

"We will be compelled to establish
courses in the universities shortly to
teach 'How to Enjoy Yourself at
Home,'" the Sacramento clergyman
predicted. He urged mothers to go
out of the homes when necessary to
look after the children. Control of
the child's use and abuse of dollars;
maintaining discipline and training
one's self not to be afraid of their
sons and daughters; supervising
recreation and directing friendships
of the young people, were advanced
as the four "old fashioned ways" of
bringing up the younger generation.

The subject was "Old Style Parents
and New Style Children."

Mothers were appealed to by Mrs.
B. F. Schiesinger to discourage the
granting of working permits to child
labor. In presenting the work of child
labor.

OVERPAID CHILDREN
RESPONSIBLE

"The problem of adult unemploy-
ment is one which we are bound to
face. It is short sighted to ask for
children's work permits when hun-
dreds of unemployed adults will
need work. The 'overpay' of the
child worker' of war days was re-
sponsible for the rising tide of juvenile
delinquency."

Five schools in San Francisco,
according to Mrs. Schiesinger, each
lost 200 students every season. The
children "followed the fruit."

A state law limiting classrooms

HOLD-UPMEN FLEE CAFE AS BULLETS FLY

Bandits in South San Fran-
cisco Escape in Machine
As Victims Send Volley of
Shots in Their Direction

Two Robbers Are Believed to
Have Been Injured; Police
Search Lodging Houses of
City; Chicago Thug Killed

SAN FRANCISCO, April 15.—
Three highwaymen who held up the
Grand cafe in South San Francisco
shortly before midnight escaped in a
hall of bullets in an automobile
succeeded in slipping through a
cordon of San Francisco police who
waited for them at the county line.
A machine carrying the bandits drew
up in front of the establishment and
two of the men entered. The third
remained at the wheel of the car
with the engine running.

Christie brothers, the proprietors,
both were on hand with Henry Mc-
Graw, watchman, and a staff of wait-
ers when the robbers appeared. One
of them held employees and custom-
ers at bay with a revolver while the
second took \$25 from the cash regis-
ter. Neither McGraw nor the prop-
rietors, who were armed, had a
chance to draw their weapons until
the men had backed through the
door and jumped into their automob-
ile.

It was some time before the San
Francisco police were notified and
it is presumed that they succeeded
in slipping into this city, escaping to
the south. It is believed by the
marshal at South San Francisco that
the automobile will be bullet marked
as at least fifteen shots were fired.
The bandits are believed to have
been wounded.

ONE BANDIT KILLED
IN CHICAGO HOLD-UP

CHICAGO, April 15.—One bandit
was killed, two were wounded and a
fourth captured during an attempted
robbery of the Cicero State Bank in
Cicero, a suburb. The attempted
robbery occurred shortly after 10
o'clock.

Six armed men entered the bank
and herded S. B. Witkowski, cash-
ier, and five other employees into the
vault. Then they scooped several
thousand dollars from the teller's
cage and started to leave.

Witkowski, seizing a revolver that was
kept in the vault, dashed after the
bandits, shot down one, wounded two
others and captured a fourth. The
robbers fled in a hurry for a long time.
Costanzo's wife, mother and two
sisters also visited him, but he was
sullen and said little.

Cardinella was hanged for the
murder of Andrew Rowan, a printer
for which two other members of
his band already have been exe-
cuted.

WAINESBORO, Miss., April 15.—
Lester Gandy, 24 years old, convicted
of having robbed and murdered his
boyhood companion, Cleveland
Row, was hanged here before
noon today in the Wainwright jail
here.

PORT GIBSON, Miss., April 15.—
Jesse Watts, murderer of Dr. D. R.
Alverson, prominent Vicksburg phy-
sician, was hanged here in the
county jail at noon today.

Houses Damaged by
Powder Explosion

RANDOLPH, Mass., April 15.—
Several hundred houses were
slightly damaged, scores of persons
were thrown from their beds and
slightly injured and hundreds
were panic stricken early today by
explosions that wrecked the plant
here of the United States Fire-
works Company.

The explosions, of which there
were at least four, were followed by
flames that razed ten wooden
frame structures of the company.
Fire apparatus responded from
many nearby cities and towns.

At the county hospital, three miles
away, windows were broken and
patients became panic stricken.
Plate-glass store windows for some
distance from the plant were shat-
tered. No estimate of the damage
has been made.

Skeletons Tell of
Old Oregon Tragedy

THE DALLIES, Ore., April 15.—
The skeletons of the victims of the
tragedy of early settlement of The
Dallies, was brought to light here
when workmen on the Columbia
river highway near the Deschutes
river unearthed six skeletons, each
with the entire top of the skull
crushed in.

With the skeletons was found an
old-fashioned gold watch chain, a
rotted army saddle, such as was
used by cavalrymen stationed at Old
Fort Dalles, and a small copper
campaign kettle, used by soldiers for
cooking purposes while in the field.
The bones crumbled upon being
handled.

Radio Discovery May Supplant Radium, X-Ray

PASADENA, April 15.—A new
radio ray capable, when properly
applied, of performing every
known feat accomplished by the use
of either radium or X-ray, has been
discovered by Edgar L. Hollings-
head, scientist, conducting extensive
research here for several months.

The discovery, it is declared, will
revolutionize the scientific world in
the treatment of certain diseases.

The new radio ray can be gener-
ated at a cost so low as to amount to
practically nothing, Prof. Hollings-
head claims. At the same time, it is
superior to radium rays inasmuch
as the rate of vibration or speed is
far greater than the latter and can
be changed or intensified. The po-
larity also can be reversed.

By a new electrical process, the
new radio ray is generated, and has
generation, it is called radio activity.
Prof. Hollingshead has been assisted
in his research by Dr. L. Frank
Johnson of Los Angeles, an hono-
rary member of the academy of sci-
ence of France, and C. L. Hulston
of the University of California.

Three Chicago
Men Hang from
Same Scaffold

Leader of Gang Collapses; Is
Carried to Gallows in
Chair.

BY INTERNATIONAL NEWS SERVICE
LEADS WIRE TO TRIBUNE

CHICAGO, April 15.—Sam Car-
dinella, gang leader who planned
but never personally executed
scores of crimes, and Sam Ferrara
and Joseph Costanzo, "stuck-up
men," who committed murder dur-
ing the robbery of a bakery, were
hanged today in the county jail.

The three men went to their
death at the same time and from
the same scaffold. It was the first
instance in the history of Cook
county of three men being hanged
at the same time.

The original plan had been to
hang seven men, but only three were
ready for execution. The other four
were a half hour later, but at the
last minute the plans were revised.

Cardinella, considered the most
hardened of the three, collapsed
as the death march began. It was
necessary to strap him to a chair
and carry him to the gallows. Fer-
rera and Costanzo went to their
deaths without a word.

Cardinella's wife and six children
visited him in the jail last night.
One of them is a babe in arms. The
condemned man kissed them all
many times and held the babe close
in his arms for a long time.

Costanzo's wife, mother and two
sisters also visited him, but he was
sullen and said little.

Cardinella was hanged for the
murder of Andrew Rowan, a printer
for which two other members of
his band already have been exe-
cuted.

CONGRESS TO FACE BATTLE ON DRY ISSUE

New Member of House From
Maryland Introduces Bill
for Repeal of All Provisions
of the Volstead Measure

Senator Johnson Scores His
Republican Colleagues for
Alleged Change in Views
On the Colombian Treaty

WASHINGTON, April 15.—The
battle to bring back beer and light
wines will be fought to a finish in
this Congress, it was declared by
both wets and dries today. The fight
will come to a head in the House as
soon as the tariff and taxation pro-
gram can be cleared aside.

Preliminary preparations for the
clash were commenced today by the
introduction of a bill by a new mem-
ber from Maryland, Representative
John Philip Hill of Baltimore, who
unexpectedly tossed in a bill to
repeal the Volstead act.

Representative Hill accepted
Hill's challenge. He is chairman of
the judiciary committee that will re-
port on the repeal bill. He made it
clear that while hearings will be full
and fair, every effort will be made
by him to throttle the "booze bill."

Incidentally, the new congressman
may ruin his own business if he
succeeds in legalizing beer and light
wines. He owns a drinking water
company in Baltimore.

"I want to repeal the Volstead law
principally because it is an utterly
un-American principle of govern-
ment," he said.

JOHNSON ATTACKS
COLOMBIAN TREATY

Sarcastically scoring his Republi-
can colleagues for the alleged
facility with which they changed
over night their convictions of
the necessity of ratifying the
proposed Colombian treaty, Sen-
ator Johnson, California, de-
clared it strange that men who for
nearly two decades had fought the
treaty should now enthusiastically
support it.

"What is the reason?" Johnson
asked. "If Theodore Roosevelt were
alive he would never approve this
treaty. The twenty-five million
dollars to be paid to Colombia is a
trifling sum, he told us. This
sum may be a trifle, but if we have
\$25,000,000 to squander, let's
squander it on the farmers who
are ruined by the tariff, or on the
soldiers who upheld the flag and are
now broken in body, or in securing
employment for the thousands now
out of work. If we give it to
Colombia, we will throw it away
and commit an act of infamy and
dishonor as the first act of the new
Republican administration."

SOME SENATORS
REFUSE TO LISTEN

Johnson attacked Republican
Leader Lodge at great length. He
quoted from a report signed by
Lodge and other Republicans in
1917 calling it a "blackmail de-
mand" and the admission of a
wrong.

When did this demand change
to a public benefaction?" asked
Johnson.

"If it was a blackmail demand in
1917, what changed it and when
and how?" he asked. "The Republi-
cans right then in opposing the
treaty as he did for seventeen
years, or is he right now in sup-
porting it, as he has done for about
seven months?"

W. B. Penrose, Brandegee
and other Republican leaders
refused to listen to Johnson's
speech. All left the chamber, but
he had a large audience of Sena-
tors, nevertheless.

HARDING GRATIFIED
BY CURTIS' NEWS

President Harding was informed
today by Senator Curtis of Kansas,
the Republican "whip" of the
Senate, that there are "more than
enough votes" to ratify the Colum-
bian treaty when it is acted upon
finally on Wednesday next.

It is understood the President
expressed himself as "greatly grati-
fied" at the "good news" borne him
by Senator Curtis.

Austrian Problem Not
for League, Says Italy

By NEWTON C. PARKE
International News Service Staff

PARIS, April 15.—The first diplo-
matic result of President Harding's
message to Congress scrapping the
League of Nations was seen today in
a note from Italy to the allies, sug-
gesting that it is a mistake to refer
to the League of Nations the work
of restoring Austria financially.

Italy, in her note, points to Amer-
ica's hostility to the league as shown
by President Harding's message, and
inquires how the allies can expect
financial support from America for
restoring Austria. The note suggests
the creation of an independent body
to handle the Austrian problem.

British Strike Called Off; Alliance Broken

Union Heads Say
Miners' Demand
Proved Unjust

LONDON, April 15.—In announc-
ing the cancellation of the
triple alliance strike this afternoon,
officials of the railroad and trans-
port workers' unions said the action
was taken when they reached the
conclusion that the miners were un-
fair in their refusal to submit their
grievances to a hearing, subject to
claim conditions proposed by Premier
Lloyd George.

Many Lives Lost
In Rows Between
Italian Factions

Nationalists Burn Labor Clubs
and Socialists Order Re-
prisal Strikes.

BY ASSOCIATED PRESS
LEADS WIRE TO TRIBUNE

ROME, April 15.—Grave incidents
are reported from northern and cen-
tral Italy, where the extreme Nation-
alists and the Socialists have clashed
in a number of cities and towns in
the latter elements campaign. Several
lives have been lost and great
property damage done during these
disorders. Upward of one hundred
Nationalists from Leghorn and Pisa
marched to the town of Cecina, 20
miles southeast of Leghorn, where
they sacked a Communist club as
reprisal for a Socialist attack upon
local Nationalists. Upon its return
to Leghorn, the party attacked the
Spiritus Club and was driven away
by local royal guards, but succeeded
in wrecking the Chamber of Labor.

As a protest, the Socialists pro-
claimed a general strike, which the
printers have joined and there are
no newspapers being published in
the city.

A detachment of Nationalists
from Ancona went to the town of
San Sepolcro, 15 miles east, and
wrecked the Chamber of Labor. The
portraits of Nikolai Lenin and
Leon Trotsky were burned.

Another attack occurred at Parma,
where a Socialist club was destroyed.

Germany Advised to
Appeal to Harding

BY INTERNATIONAL NEWS SERVICE
LEADS WIRE TO TRIBUNE

PARIS, April 15.—President
Schulze of Switzerland has advised
Germany to submit new proposals
on the reparations question to Pres-
ident Harding for transmission to the
allies according to Berlin dispatch
to Le Journal today.

PARIS, April 15.—The cabinet met
today. President Millerand was in
the chair and with Marshal Foch and
General Weygand present. The min-
isters discussed with the general the
question of a military mission to
be applied to Germany in case
she failed to give, by May 1,
satisfactory assurances of the pay-
ment of reparations.

De Molay Branch
to Be Instituted

ALAMEDA, April 15.—It is ex-
pected that the branch of the Order
of De Molay for boys will be in-
stituted in Alameda May 4. A general
meeting of all Masons interested in
the formation of the branch will be
held in the Masonic Temple, Park
street, on Wednesday, April 20.
W. B. Talbot, in chairman of the
committee making application for
the charter. A. F. Hennig, M. G.
White and E. N. Chittenden were
added to the advisory board last
night.

The new lodge will be for boys
between the ages of 16 and 20 years.

Harvey and Herrick
Will Be Confirmed

BY UNITED PRESS
LEADS WIRE TO TRIBUNE

WASHINGTON, April 15.—Con-
firmation of George Harvey as
United States ambassador to London
and Myron T. Herrick to Paris, was
recommended today by the senate
foreign relations committee. No op-
position to either was manifested by
democratic committee members,
some of whom had indicated a dis-
position to oppose Harvey.

Senator Lodge hopes to have both
confirmed today. They are the first
important diplomatic appointments
made by President Harding.

North Dakota Man
to Be U. S. Treasurer

BY ASSOCIATED PRESS
LEADS WIRE TO TRIBUNE

WASHINGTON, April 15.—Henry
Zweifel was nominated today by
President Harding for U. S. Attorney
for the northern district of Texas.
R. A. Harvin was nominated U. S.
marshal for the southern district
of Texas. Frank White of Valley
City, N. D., was nominated today
by President Harding to be treas-
urer of the United States.

MINERS MEET TOMORROW TO DECIDE ACTION AFTER DESERTION OF TWO ALLIES

Lloyd George Emerges Victor in
Industrial Crisis; Mine Workers'
Demands Criticized by Allies

COMMONS CHEERS PREMIER

LONDON, April 15.—The calling of a conference of representa-
tives of the miners from all the coal fields at a date to be fixed to-
morrow was decided upon by the executive of the Miners' Federa-
tion this afternoon.

LONDON, April 15.—The triple alliance strike is off and the al-
liance is virtually smashed.

At the very hour when Premier Lloyd George was announcing in
parliament that the miners were adamant and when the govern-
ment prepared to meet the greatest general strike in the history of
the kingdom, called for 10 o'clock tonight, the triple alliance, after
a stormy session, cancelled it.

The ratmen and transport work-
ers, unable to pacify the radical
wing of the miners' federation
abandoned the miners' cause.

Frank Hodges, in announcing
this afternoon that he had resigned
said that in view of the decision of
the Triple Alliance he had decided
delegates, the date of which will be
determined tomorrow. From this
statement it was inferred that the
miners' meeting is to take up the
question of ending the coal strike
as a result of the withdrawal of
support of their partners in the
Triple Alliance.

Premier Lloyd George emerged
from the crisis stronger than
ever, having repudiated the misad-
venturous labor body not only in En-
gland but in all Europe.

PUBLIC DUBFOUNDED
BY RAILMEN'S ACTION

The public, flung for fifteen days
from joyous relief to desperate
alarm and back to high hopes, was
dumbfounded.

The general first view was that
only a serious rift in the unity of
the Triple Alliance could have
brought about such a change of
front.

The premier, amid cheers, had
told the parliament once more that
the government continued "absol

EX, SALADS AND MODERN CHILD ARE DISCUSSED

Miss Florence Le Ganke, and Rev. H. V. Miller Speak At Meeting.

(Continued from Page One)

Twenty students were urged by H. S. Jackson of Berkeley, a speaker under the Americanization and education department. "It is absurd to think children should be educated in overcrowded schools," Mrs. Jackson said. Ceremonies in county court-rooms to welcome new citizens were urged by Mrs. Charles Godfrey of San Francisco. Pending legislation relating to establishment of citizenship classes and appropriations for such a movement.

The American Red Cross effort to provide clothing for the stricken children of Europe was presented by the convention by Mrs. Charles Murphy of San Francisco.

Oakland Federation has the largest membership in the second district, according to the annual report submitted by Mrs. L. C. Reaser of Oakland, membership chairman, with Berkeley taking third place. Oakland membership was reported 1822; San Francisco, 505; Berkeley, 1045. The total membership for the district is 3729, 50th of 2021 members in the past twelve months.

Roy Cloud, San Mateo county superintendent of schools, and Mrs. M. Wilson, representing the American League of Penwomen, were the speakers this afternoon. Mrs. David O. Moore, vice-president of the National Congress of Mothers, and Mrs. Hugh Bradford, vice-president of California Congress, offered greetings to second district delegates.

The convention adjourned late this afternoon.

CORPORAL PUNISHMENT IN SCHOOLS PROTESTED

Protest against corporal punishment in the public schools and the abolishment of capital punishment or youth under 18 were voiced in two resolutions offered before the convention. Other questions for which endorsement is asked are: A higher standard of moving picture films, the teacher tenure bill, asking Governor Stephens to sign the measure passed by the legislature, cleaner journalism and the Smith-Towner bill.

The review of the past year's work was given by the presidents of the following federations: San Francisco, Petaluma, Berkeley, San Mateo and Oakland. Under the recreation department, Miss S. Hagelthorn, state chairman, was the principal speaker.

Court Orders Father to Pay for Son's Care

The decision of Judge Harry W. Fulcifer forcing Basil Cassou to pay the child's grandmother for the care of his 14-year-old son, although the father is powerless to recover the custody of the boy during the balance of his minority, has been affirmed by Superior Judge P. R. Parker of Los Angeles, sitting for Superior Judge Dudley Kinsell.

After the death of the boy's mother, Cassou turned the boy over to his wife's mother, Mrs. Melanie Tipton, and consented to the petition of Superior Judge E. C. Robinson that she be appointed his guardian, which was done. Now Cassou wishes his son to return to him, but the boy objects, preferring his grandmother. Judge Fulcifer held that since the grandmother is the legal guardian, with the father's consent, the latter must pay. The guardianship cannot be changed because the boy, having reached the age of 14, has the right to choose his own guardian and Cassou must pay \$150 now due, besides all future amounts. Judge Parker took the same view.

TWO MEN SEEK GIRL EACH SAYS IS HIS SPOUSE

GRAND ISLAND, Neb., April 15.—Two men of this city are en route to Chicago in search of a girl whom both claim as wife.

Roy Yates, veteran of the A. E. F., who lost an arm in battle, returned to Grand Island today after his release from an eastern rehabilitation hospital, only to find that in the war he had also lost his wife.

Erroneously advised of the death of her husband, the bride of a few months had recently remarried.

The second husband told Yates that the veteran had really resigned under the girl, and the three sat down to discuss the complicated situation, with Yates presiding.

The young wife excused herself and left the house. Later a note was found from her addressed jointly to Yates and McCracken, the second husband, saying she had decided to cast her lot with another man, that she was leaving town with her new affinity.

Yates and McCracken left on a night train for Chicago, where they believe the wife and her companion will be found.

Playground Man Is Given Big Farewell

BERKELEY, April 15.—Gustavus Schneider, who recently resigned as superintendent of playgrounds to accept a similar position in Reading, Pa., was given a farewell dinner last night at Hotel Claremont. Mayor Louis Bartlett, members of the playground commission and also members of the Berkeley den of Lions, under whose auspices the dinner was held, paid tributes to Schneider's work. Charles Keeler, poet and secretary of the Chamber of Commerce, declared Schneider is a builder of clean man and womanhood.

Charles F. Naylor of the playground commission told how the playground activities of the city had grown from a yearly attendance of 80,000 the first year Schneider was here, six years ago, until today the attendance had been increased to 331,205.

Roy Henderson presented a traveling bag to Schneider in behalf of the Lions, more than 100 business and professional men attended.

Boy Confesses to Passing Bad Checks

BERKELEY, April 15.—Confessing to passing more than \$100 worth of bad checks and spending the money on girls and other friends, a 14-year-old Berkeley schoolboy was today turned over to the juvenile authorities by the police.

Patrolman Frank Waterbury caught the youth yesterday after he had succeeded in passing a worthless check for \$15.80 at the G. E. Haynes coal office, 2559 Shattuck avenue.

In a confession to the police the youth said that he had passed his first check on his father now in Russia, and finding the job an easy one, continued to float worthless paper whenever he needed the money.

Elmo Lincoln Is Liberal in Divorce

LOS ANGELES, April 15.—Judge Walton Wood today had under consideration the divorce suit of Mrs. Sadie Linkenhelt against Otto Linkenhelt, giant film actor, known on the screen as Elmo Lincoln. Linkenhelt was accused of indiscretions with another woman. Because of technicalities, two previous attempts to bring divorce action were dismissed. Judge Wood complimented Linkenhelt on his liberality toward his wife. He gave her \$1000 and an auto and is paying her \$225 a month. Because of his stature, Linkenhelt has been prominently cast as "Tarzan" in "Tarzan of the Apes."

Headaches from Slight Colds GROVE'S LAXATIVE BROMO QUININE Tablets relieve the Headache by curing the Cold. A tonic-laxative and germ destroyer. The genuine bears the signature of E. W. Grove. (Be sure you get BROMO.) 30c.—Advertisement.

High School District School Bill Passed

SACRAMENTO, April 15.—Senator Eden's bill to require all elementary school districts in ten miles of a high school to be included within such high school district, provided approval is given by the school superintendent and the county supervisor of the district, was finally passed, 25 to 9, after the third count on the floor.

Associate Matrons Will Give Dance

The Eastbay Associate Matrons of the Order of the Eastern Star will give a dance and entertainment tomorrow evening in the open air ballroom of the Pacific building. Sixteenth and Jefferson streets. Jazz orchestra will furnish the music for the affair. Punch and refreshments will be served.

DIVORCE SOUGHT BY POETIC WIFE

Rude interruptions of her writing while she was wooing the lyric muse and indicting poems to the stars, on the part of a "disappearing husband" who made a specialty of vanishing for days, and other forms of cruelty are charged to Joel S. French in the divorce complaint just filed by Mildred W. French in the Superior Court.

"Either you must get the house cleaned and stop writing poems or I'll divorce you," Mrs. French alleges her husband told her. When the wife tried to read her

inspired thoughts to her husband he stuck his fingers in his ears and said, according to her complaint: "If I get through with you I am through with women forever. No man on earth could live with you."

Helen M. Whitham declares that her husband, James C. Whitham, would not take her out in their automobile and sent instructions to tradesmen not to honor her bills. She asks \$100 a month alimony. The couple lived at 842 The Alameda, Berkeley. Mrs. Whitham desires the custody of two-year-old Joan, and the community property.

Essie Trevillyan Martin asks a court order restoring her maiden name of Trevillyan, \$100 a month alimony and other relief in her divorce suit against George E. Martin. She charges that he spanked her.

ANTI-VICE LEADER DIES. LOS ANGELES, April 15.—Dr. Robert C. Barton, 53, until recently executive secretary of the Morals Efficiency Commission and known

Woman Makes Protest Against Alimony Cut

Mrs. Adeline H. Frederick today made a personal appeal to Judge Koford against a reduction of alimony from \$165 a month to \$125.

"Only \$125 a month!" she exclaimed. "Why that is only \$40 for rent and \$85 for food. Oh, Judge, I will have to give up my babies."

Despite the plea Judge Koford granted the application of Leonard A. Frederick of Berkeley for the reduction on the grounds that Frederick's earning capacity has been lowered from \$325 a month to \$225.

Mrs. Frederick was granted a divorce on grounds of cruelty and she was given the custody of the three boys, Leonard, aged 13, Francis, aged 12, and Ellis, aged 10 years.

Throughout California for his successful campaigns against liquor and vice elements, died in his home here today.

Mrs. Jackson Dies; Mystery Explained

SAN FRANCISCO, April 15.—Mrs. Byron Jackson, who was found unconscious on the floor of her home here several days ago clutching the telephone receiver in her hand, died today at Hahnemann hospital.

When Mrs. Jackson was found it was first thought that she had been attacked by thugs, as her head and face were bruised. On investigation, however, it was found that she had suffered a stroke of paralysis and had sustained the bruises in falling. It is thought that she attempted to telephone for aid when she felt the attack coming on.

FIRE DOES NO HARM

ALAMEDA, April 15.—A large rubbish fire at the foot of Union street for a time threatened fences and caused property owners some apprehension. There was no damage done.

Funeral Arranged for Mrs. Jacob Woerner

Funeral services will be held at 2 o'clock Saturday afternoon from the Truman Undertaking parlors for Mrs. Hannah Woerner, pioneer Oakland resident, who died at her home, 2821 Grove street, after a lingering illness. Mrs. Woerner was 80 years old and had spent sixty of these years in Oakland. She is survived by a husband, Jacob Woerner, a retired merchant, and four daughters and three sons.

NO NEED TO FEAR YOUR DENTIST NOW

People Have Utmost Confidence In Dr. R. C. Anderson's Modern Dental Methods

"Men and women who usually have strength of character in other things, often lose their nerve when it comes to a trip to the dentist, and no wonder, for many mediocre dentists have perished faith and confidence in good dentistry from these people's minds." says Dr. R. C. Anderson, well known dental specialist with offices at 1225 Broadway. "But it is not so here," he declares, "with the use of the most modern scientific methods and skilled, thoroughly experienced men there can be no mistake, we guard against them by making X-ray pictures of every tooth that needs attention." He is in my office are hundreds of the most testimonials, many have

been published, from people of every station in life, and in each one is inserted some statement or other relative to the quality of work done in these offices and relative to the care and comfort under which that work was accomplished. Of course we are very proud of all of these letters and we want you to see them so we are going to publish many of them from time to time."

"But if you want to know at once where good, dependable dentistry may be had at reasonable prices, visit these offices tomorrow, and ask for an examination and estimate," continued Dr. Anderson.—Advertisement.

1205 WASHINGTON ST.

VIVIANI FAILS TO CONVERT U. S. TO NATION'S LEAGUE

Result of Mission Is Shown in
Tone of Latest Note
From France.

By GEORGE R. HOLMES
International News Service Staff
Correspondent

WASHINGTON, April 15.—This
week's events in Washington led in-
evitably to the conclusion today that
the mission of Rene Viviani, France's
special envoy to the United States,
has been well nigh a complete
failure.

M. Viviani came to the United
States ostensibly to "pay France's
respects to the new administration."
What he really came for was outlined
in the series of private discussions
which he held with officials of the
new administration and influential
members of the Senate foreign rela-
tions committee. His mission as thus
outlined embraced the following:

1. To persuade the United States,
if possible, to enter the League of
Nations.
2. To prevent the passage of the
Knox resolution declaring an end to
the state of war between the United
States and Germany.

3. To obtain the support of the
United States in forcing upon Ger-
many the reparations agreed upon by
the allied premiers in London and
Paris.

TWO PROPOSITIONS
President Harding neatly disposed
of the two first propositions in his
message to Congress on Tuesday.
He informed M. Viviani and the
world that the United States can
never become a member of the exist-
ing League of Nations, and he ex-
plained the passage of the Knox res-
olution without that famous section
five, which was the only thing which
made it palatable to the French.
That section five would have put the
United States on record as concern-
ing itself with future European
quarrels, which was exactly what
France desired. When the purpose
of section five was explained to M.
Viviani in one of the discussions
with administration leaders, the el-
quent Frenchman, with a choice
gesture, exclaimed:

"Viviani! it is good as the League
of Nations."

The third object of M. Viviani's
mission—obtaining American sup-
port in the reparations—has been a
partial failure. The expert French-
man frankly wanted the administration
to come out and flatly endorse the
reparations settled upon by the al-
lied premiers, which was exactly what
Germany pay indemnities of approx-
imately \$55,000,000,000 and a 12 1/2
per cent tax on her exports. This
the Harding administration has de-
clined to do. So far President Har-
ding and Secretary of State Hughes
have confined themselves to a state-
ment that Germany is morally re-
sponsible for the war, and must pay
"just" reparations. Beyond that
they have refused to go. What con-
stitutes "just" reparations is a sub-
ject of dispute. The allies ask \$55-
000,000,000 and 12 1/2 per cent of
German exports; B. M. Baruch and
other American representatives of
the reparations committee in Paris
estimated it at more nearly \$15,000-
000,000.

RESULT OF FAILURE

The first result of the failure of
M. Viviani to secure more ardent
support from the United States was
seen by officials today in the tone of
the French answer to Secretary
Hughes' note on the island of Yap
and other mandates. This note, of-
ficials characterized today as "grati-
fying" and "highly satisfactory."

While France does not openly take
sides with America as against Japan
in the Yap controversy, officials saw
in Premier Briand's offer to renew
the matter before the next meeting of
the allied supreme council a tacit
admission, at least, that the Ameri-
can position is one of soundness and
fairness.

France is more keenly desirous of
American sympathy and support
than she is of Japan having Yap. In
the opinion of diplomats in Wash-
ington, France can be counted on to
support the American position that
America must be considered in the
disposition of the fruits of victory.

TABLING OF BILL TO BETTER DAVIS FARM PROTESTED

Further Action Promised by
Champions of Agricultural
College Improvement.

TRIBUNE BUREAU, SACRA-
MENTO, April 15.—The summary
tabling by the ways and means com-
mittee of the assembly of a bill call-
ing for an appropriation of \$70,000
with which to pay the expenses of
an investigation into the needs for
agricultural education in California
has raised a storm of protest from
the farmer members of the legis-
lature and from those other legis-
lators who are pledged to a program
of betterment at Davis.

What makes the protest more
pointed and emphatic is that the
same committee at the same meeting
passed out favorably and without
comment the bill for the improve-
ment of the agricultural college near
Los Angeles. Word of the action spread
quickly in both houses and was the
cause of several conferences, a dele-
gation visit to the governor's office
and a plan which promises to mean
the reopening of the question at an-
other committee meeting this even-
ing.

PROGRAM EXPECTED
The plan for a two years' inves-
tigation of agricultural college needs
originated with the special commit-
tee appointed at the opening of the
session. This committee visited
Berkeley and Davis, managed to
bring peace in the dispute that
threatened between the farmers and
the regents, and recommended that
a body of seven be appointed to con-
tinue the investigation, visit farm
schools of the country, and report at
the next session. The entire com-
mittee signed the report and out of
the contemplated inquiry was ex-
pected to result a constructive pro-
gram for agricultural education to
make the California school the best
in the country. There was not one
who believed in the possibility that
the appropriation would be refused
and the matter was considered as
good as settled.

BILL IS TABLED
In the ways and means committee
it was made evident that a prelimi-
nary canvass had been held. The
Los Angeles matter was brought up
and passed favorably in less time
than it would take to read the title
of the bill and no more time was
taken to table the agricultural ap-
propriation.

Assemblyman Van Bernard and
Senators M. B. Johnson and Edwin
Otis are among those who are active
in the efforts to have the matter re-
opened, and from the encouragement
they have received from the govern-
or's office it would appear probable
that they will succeed, at least, in
having the bill reported out without
recommendation. Failing in this, it
is probable that an attempt will be
made to have the assembly vote on
taking the measure from the com-
mittee.

Anti-Alien Fishing Bill Put On Table

SACRAMENTO, April 15.—Sena-
tor Inman's anti-Japanese fishing bill
which passed the Senate after much
debate, has been tabled by the As-
sembly fish and game committee.
Unless supporters of the bill on the
Assembly side are able to force it
out onto the floor by resolution—and
there is a slim chance of that—the
measure may be regarded as dead.
The committee voted 9 to 1 for the
motion to table, following the show-
ing made by the Senators. California
canning companies that its passage
would be disastrous to the Southern
fishing industry, which is more than
50 per cent dependent on the Japa-
nese fishermen.

Engagement of Eight Years Yields \$10,000

LOS ANGELES, April 15.—An en-
gagement of eight years, which
failed to culminate in marriage, is
worth \$10,000 to the disappointed
woman, a jury in the superior court
here decided, awarding that sum
late yesterday to Miss Hallie H.
Hall. She had sued James Boxall,
rich furniture manufacturer, for
\$50,000.

Miss Hall testified she and
Boxall kept company for eight
years and that he finally jilted her.
The engagement ended when she
saw him with another woman. He
contended he never promised to
marry Miss Hall.

Enforcement Act Put in Original Form

SACRAMENTO, April 15.—The
Senate public morals committee last
night struck from Assemblyman T.
M. Wright's state prohibition en-
forcement act the section requiring
it to be submitted to a vote of the
people and recommended that it be
passed by the Senate. Both of these
actions were taken by identical votes
of 5 to 2. Arbutnot, Boggs, Jones and
Ingram voting affirmatively and
Chamberlain and Crowley opposing.
The bill goes to the floor of the
Senate in the form it was originally
introduced before the lower House
amended it.

Serve Beer's Cake—15c.—Adver-
tisement.

A Real Thriller

"You'll never believe until you've
tried how much trouble you can save
by doing it and how much fun you
can have out of it. I know because
I've done it."
"Done what, my dear? Don't talk
in circles. Can I benefit by it, too?
What shall I do?"
"You certainly can. All you have
to do is to go to the store for
women at 515 12th street, man's store
528 12th street, just as I did, and
pick out all the pretty clothes you
want; suits and hats and coats and
sweaters and blouses and dresses and
take them with you. You don't have
the trouble of saving and you have
the fun of picking things out."
"And then what happens?"
"Why, then comes the big surprise.
You're told you can buy all these
lovely things on credit. Merely a
promise to pay monthly, and pay no
more in the long run than if you were
paying cash. Isn't that enough to
give anyone a real thrill?"—Adver-
tisement.

Your business is known by your
representatives. So is your city.
See page 11.

Big Tribune Screen to Flash Election Returns

Arrangements were being made to-
day to handle traffic and to take care
of the thousands who will gather at
The TRIBUNE corner, Thirteenth
and Franklin streets, Tuesday night,
and watch the giant screen on The
TRIBUNE building for the first and
accurate news of the city election.
Flash by flash, accurately and pre-
cisely, this screen will tell to the East
bay district the complete election re-
sults.

From every precinct in the city a
TRIBUNE representative over special
wire will flash the election counts
step by step to The TRIBUNE office
where scores of special writers and
expert statisticians will prepare the
news for the eager public. A usual
speed and efficiency will be the key-
note of The TRIBUNE'S news gather-
ing system and every effort will be
made to flash the news first.

The editorial department will be
open all night and the news will be
distributed from the minute the first
count is made until the final results
are obtained.

Watch for the detailed story of the
election "play by play" on The TRIB-
UNE'S "scoreboard."

Million-Dollar Lobby Is Claimed by Frear

WASHINGTON, April 15.—A mil-
lion-dollar lobby has been organized
by business men to work for the
enactment by Congress of a sales
tax law as a substitute for the ex-
cess profits tax and a reduced in-
come tax, according to a statement
today of Representative Frear of
Wisconsin, in connection with the
conference of the People's Recon-
struction League, which is in ses-
sion here.

Minister to Rumania Is Named by Harding

BY ASSOCIATED PRESS.
LEASED WIRE TO TRIBUNE.
WASHINGTON, April 15.—Peter
A. Jay of Rhode Island, now minis-
ter to Salvador, has been selected by
President Harding to be minister to
Rumania. He has been in the diplo-
matic service since 1902 and was
counselor of embassy at Rome in
1914 after having served previously
as secretary of the embassies at
Paris, Constantinople and Tokyo and
as agent and consul general at Cairo.

Hanford Jury Acquits Stepfather of Crime

HANFORD, Cal., April 15.—
After five minutes' deliberation
Thursday afternoon the jury in the

trial of Wesley Battenfeld, accused
of a crime by his 16-year-old step-
daughter, brought in a verdict of
not guilty. Arlin Elder, the girl's
stepfather, was married soon after
the verdict to Battenfeld's nephew,
Max Steinbach, the ceremony taking
place in the courtroom.

RESOLUTIONS OF WETS ALL PERISH IN COMMITTEE

NEW ALIGNMENT SEEN ON PLAN OF APPORTIONMENT

Badaracco Lays Defeat by the Senators to Stand Taken by Canepa.

Alameda and S. F. Delegations in Formidable Opposition to Proposed Action.

TRIBUNE BUREAU, SACRAMENTO, April 15.—Failure of the wet forces to get together in an agreement on the Badaracco resolution was responsible for the failure of the Senate committee on federal relations to pass out any of the measures before it. There are many stories being told, and the buck is being passed back and forth, but out of the mix-up appears one fact. If Senator Victor J. Canepa of San Francisco had not insisted in amending the Badaracco resolution, which had already passed the Assembly, the matter would have been reported out and the Senate would have had the opportunity of voting.

Canepa's author of a resolution along similar lines, and Senator William J. Canepa, who has another, were anxious that their bills be put out, and no weight of argument could bring an understanding. Finally Canepa agreed that if he would not insist on the amendment, the resolution to put in specific instructions that it be sent to Congress, that he would favor that resolution.

Badaracco stood firm and declared that he would oppose any attempt at amendment. In face of this, the committee tabled all of the wet resolutions and adjourned. It must be understood that such dry leaders as Senator Harris, a member of the committee, were willing to pass one wet resolution to the floor and that it was the wets themselves that defeated the possibility.

Badaracco's position was that an amendment would mean that the whole question would have to go back to the Assembly for concurrence, and that there would be trouble in holding the vote together. Several dries, it will be recalled, voted for the resolution, and since that time they have heard from home, might have also mean a delay that might have been fatal. As the resolution was one to memorialize Congress, it has been held that the Canepa amendment was not necessary.

Badaracco is planning to secure copies of his resolution and to mail them to Congress as an expression of the Assembly. He lays the defeat of the matter in Senate committee to Canepa.

ACCUSED JUDGES SCOOF AT CHARGE

SACRAMENTO, April 15.—Justices Albert J. Burnett and E. C. Hart of the Third District Court of Appeals here discussed freely the charges preferred against them in the Assembly of the Legislature by J. H. Carpenter of Stockton.

The charges, which were received by Speaker Wright, were by him referred to the judiciary committee, with instructions to examine them and take such further action as they seemed to warrant. The committee said they referred to some appeals in which Carpenter, as attorney, represented the losing litigants.

"The only way I can account for the action of Carpenter," said Judge Burnett, "is that he must be criminally insane. As it appears to me this attack can be looked upon in no other light than an outrage. There is no more merit in this charge than there would be in a similar charge against every court in the State of California. We simply affirmed the judgment of the trial courts in the cases he complains of, as we were compelled to do under the law."

"As is well known in the profession, the trial court and not the appellate court determines the facts, the weight of the evidence and the credibility of the witnesses."

"In addition to the foregoing, it may be added that a petition for rehearing was filed in the Supreme court and was denied in every case but one."

"The same charge was presented to the Legislature once before, and after a thorough investigation by a special committee, the Assembly decided there no merit in Carpenter's claims and no foundation for the charges."

Justice Hart said he did not care to comment, except to say that if there was any merit in the complaint, every attorney who loses a case would have similar grounds for attacking the judges.

17x34 BLEACHED HUCK TOWELS—Another splendid value. Some have red borders. Very special at each— **15c**

FROST DAMAGE TO STATE CROPS IS VERY SMALL

Early Reports of Losses Are
Discounted by United States
Weather Man.

Little damage has been done to crops in California by heavy frosts and low temperatures reported today in the opinion of G. H. Wilson, United States weather forecaster. "Frost damage reports may be discounted to a considerable extent at this time," said Wilson. "The fruit and other products are now hardy enough to resist frost to some extent and the weather does not stay cold long enough to allow the frost to do much damage. Disturbed air conditions are also prevalent at this season and this counteracts the action of the frost."

Smudging in the Santa Clara Valley and elsewhere is largely a precautionary measure.

ALAMEDA CROP SAFE
With the receipt today of despatches from portions of the fruit belt of Southern California, telling of damages to early fruit growth by the recent frost, Alameda county stands almost alone, inasmuch as no damage sustained to the fruit crop here was reported. That of other portions of the state. While the frost took a toll here, according to J. Seuberg, county horticulturist, it can in no way compare with that reported elsewhere.

DAMAGE HERE LIGHT
After a check of the damage caused here, Seuberg said today that he believed there was no great cause for worry from the effects of the frost.

"The frost did considerable damage," he said, "but not as much as might have been expected. In the county there are about 400 acres of early strawberries, and these were practically all destroyed. About 50 per cent of the grapes were damaged and cherries and apricots have been checked to some extent."

"It is understood that the potato, pea and sweet corn crops have also suffered."

Fears are being felt among the fruit and vegetable raisers around Sacramento, according to despatches received from that section today. In the American river district garden truck was reported to have suffered.

SAN JOAQUIN VALLEY HIT
Around Fresno grapes and peaches both suffered, although only scattering reports have been received at the offices of both the Raisin Company and Peach Growers' Association there.

The cantaloupe crop in the Turlock section and tomato crop have been hit, word from Merced declared today. Replanting, it was said, would save 25 per cent of the latter.

Apples in Watsonville district were damaged very little, according to George W. Sill, who made a survey today. Beans and potatoes were damaged, however, but just the amount of the injury is uncertain.

VINEYARDS NIPPED
Kings county vineyards seem to have suffered about a 25 per cent loss in the killing frosts of yesterday morning, according to investigations made by Horticultural Commissioner Haupt, who concluded his tour of inspection last night. Up to Wednesday night, the damage to grapes and all fruits in this county had been practically nil. It would appear the injury is more severe in certain localities than in others and some vineyards will produce well in spot, while being denuded of fruit in others.

Washington School to Hold Track Meet

The annual track meet of the pupils of the Washington school will be held on April 23 and April 30 in two sections at the Bushrod playground, according to announcement made today by the Washington School Parent-Teachers' association.

The track meet will be held on two successive Saturday afternoons this year, instead of all day Saturday as has formerly been the practice.

NEW CLUB IS FORMED.

Young people who gathered at the Oakland Y. M. C. A. to study during the day have announced the formation of a new club, known as the Victory club. The members meet each evening at the cafeteria table and from 6:45 to 7:30 o'clock engage in a game of different lines of Christian ideals. The president of the club is Miss Margaret Mahon, Miss Viola Jondreau, vice-president, and Miss Eunice Price, secretary.

Y.W.C.A. Notes

Reports of Y. W. C. A. activities during March will be heard at the regular meeting of the board of directors of the organization to be held next Tuesday morning at 10 a. m. Miss Ethel Abbott, employment secretary of the organization, will report that she has filled 123 positions during the month of March through her bureau.

The initial production of the Community Players will be given at the Y. W. C. A. building next Friday evening, April 22, when three one-act plays will be presented. They are "The Far-Away Princess," "Riders to the Sea" and "The Ostrine Family." The coach is Richard O'Connell of the University of California.

The Business Girls' City club is planning a horseback riding party each Saturday afternoon and registrations may be made through Miss Elizabeth Mitchell.

The Young Matrons' club will be hosts at the Sunday afternoon "At Home" at the Y. W. C. A. building this Sunday. Mrs. Charles Titus will be the speaker.

Pawnshop Thumb Print Bill Goes Thru Assembly

SACRAMENTO, April 15.—The assembly last night passed by a vote of 54 to 9 a bill introduced by Guy Winderm of Madera that calls upon all patrons of pawnshops to leave their thumb prints behind them. It is an ingenious method worked out by police officials, of which Max Fisher of Sacramento is spokesman, by which the "crime wave" is broken up.

The proponents of the bill think it will work this way: A man will steal some goods. He will take them to a "fence" or a pawnshop and dispose of them. But before he does business with the pawnbroker he must submit to having his finger print taken. This will be kept as a record. If a complaint is made of the theft the police will know just where to go to get the thief's finger prints.

Stanford Alumni Names Candidates

Nominations for officers of the Alumni Association of Leland Stanford Jr. University, Palo Alto, have been announced by the association. They are as follows: Frederick H. Fowler, '95, Palo Alto, president; Jesse McGilvray Treat, '07, Stanford University, vice-president; John E. McDowell, '06, Stanford University, secretary-treasurer; Carl Beal, '12, San Francisco, chairman of executive committee; executive committee, George C. Wilson, '14, San Francisco; John K. Norton, '16, Oakland, and Dr. Samuel Downing, '07, Berkeley, advisory board. Dudley Moulton, '03, San Francisco; John C. McGarland, '07, Los Angeles, and John D. Chase, '16, San José. Date for the election has not been set.

Club Will Give Concert Tonight

The fourth annual concert of the Etude Musical club will be given tonight by the club at the Auditorium Theater under the direction of the A. M. E. church.

Negro folk songs, choruses, quartette and trio numbers will feature the program. The choral work is under the direction of Miss Pearl W. Hinds. Members of the club who will participate in the concert are Mrs. Little Saunders, Mrs. Lora Scott, Mrs. Lola Anderson, Miss Margaret Johnson, Miss Thelma Cooksey, Miss Alice Fields, Miss Ruby Porter, Miss Pearl Hinds, Miss Marie Lennox, Harry Peterson, K. Smith, Chauncey Long, C. Banks, Josephine Stephenson, William Johnson, W. A. Harris, James Lewis and A. Jordan.

PRACTICE FOR TRACK MEET.
Practice preparatory to the annual city track meet is going on at a lively pace at the Melrose Heights School playgrounds, under the direction of Miss Maude Wallace, playground director. Last week three inter-class meets were held as a part of the practice schedule. Another inter-class meet took place today.

LIFE LOST IN HOTEL FIRE AT SANTA BARBARA

Bones of Victim Are Found in
Ruins; Hostelry to Be
Rebuilt.

SANTA BARBARA, April 15.—Charred bones, identified as those of a human being found in the Ambassador hotel ruins, indicate that at least one life was lost in the fire that destroyed the big hotel Wednesday.

City Physician Allen Williams announced the bones were evidently those of a woman or a man of small stature. They were found close to where the linen closet was located. A check of all guests and employees showed that none was missing. The victim of the fire is believed to have been a lodger.

Firemen reported to the police that they saw a man run into the hotel across the runway and did not see him come out, and it is believed this may be the victim.

Word was received here today that

Predicted Jam of Bills There, Speed Is Urged

TRIBUNE BUREAU, Sacramento, April 15.—The predicted jam of bills in the state legislature has arrived. With but six days left for each house to consider its own measures there are hundreds of measures on file with the certainty that many will die right there. Others will be rushed through with the chance of being vetoed on technical grounds and the discovery of errors.

Lieutenant Governor C. C. Young has called the senate's attention to the situation. "There are 306 bills on our file today," he said. "It is one of the largest files I have ever seen either in the assembly or senate, and there are but a few days left. In addition the reorganization and appropriation measures are still the debate, but we must hasten through with our work if we wish to accomplish any large part of what is before us."

S. W. Straus, president of the Ambassador Hotel Corporation, left New York last night for Santa Barbara to make plans for the rebuilding of the Ambassador hotel.

MY TIRED FEET ACHED FOR "TIZ"

Let Your Sore, Swollen, Aching Feet Spread Out in a Bath of "Tiz."

Just take your shoes off and then put those weary, shoe-crinkled, aching, burning, corn-pestered, bunion-tortured feet of yours in a "Tiz" bath. Your toes will wriggle with joy; they'll look up at you and almost talk and then they'll take another dive in that "Tiz" bath.

When your feet feel like lumps of lead—all tired out—just try "Tiz." It's grand—it's glorious. Your feet will dance with joy; also you will find all pain gone from corns, callouses and bunions.

There's nothing like "Tiz." It's the only remedy that draws out all the poisonous conditions which put up your feet and cause foot torture.

Get a box of "Tiz" at any drug or department store—don't wait. Ah! how glad your feet get; how comfortable your feet feel; how you can wear shoes a size smaller if you desire.—Advertisement.

A Great Discovery

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists.

As a remedy for those easily recognized symptoms of inflammation caused by uric acid—as scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly "Anuric" (anti-uric acid) acts; the pains and stiffness usually disappear.

"Anuric" is the discovery of Dr. Pierce of Buffalo, N. Y.

Step into any drug store and ask for a package of "Anuric," which is many times more potent than lithia.

—Advertisement.

CUT THIS OUT—IT IS WORTH

10¢. Cut out this slip, enclose with 5¢ to Foley & Co., 2335 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for coughs, colds and croup; Foley's Kidney Pills and Foley Cathartic Tablets.—Advertisement.

R. R. Pacts Revoked by U. S. Board; New Parley Rules

CHICAGO, April 15.—(By the Associated Press)—National agreements defining working conditions for employees on all American railroads, formerly under the Federal Railroad Administration, yesterday were ordered abrogated, effective July 1, by the Railroad Labor Board.

The board called on the officers and system organizations of employees of each railroad to select representatives to confer and to decide as much of the rules controversy as possible. Such conferences shall begin at the earliest possible date, the decision said.

While the decision did not specifically say so, members of the board said that all disputes as to rules and working conditions automatically were referred back to "individual" conferences between each individual road and its employees. This method of procedure had been sought by the railroads, whereas the labor side had favored a national conference between representatives of "all" roads and "all" unions.

The decision affected all railroad employees except those in train service, who are under separate agreements between the railroads and the four big brotherhoods.

16 PRINCIPLES GIVEN

In connection with the conference negotiations, the board laid down a set of sixteen principles which are to serve as a foundation for any rules which may be agreed to. The present general rules hearing before the labor board in progress since January 10, will continue until both sides have completed their testimony, following which the board "will promulgate such rules as it determines just and reasonable as soon after July 1 as is reasonably possible and will make them effective as of July 1."

The sixteen principles outlined by the board were drawn up by Henry T. Hunt of the public group and are as follows:

An obligation rests upon management, upon each organization of employees and upon each employee to render honest, efficient and economical service to the carrier.

The spirit of co-operation between the management and the employees being essential to efficient operation, both parties will so conduct themselves as to promote this spirit.

RIGHT TO ORGANIZE

Management having the responsibility for safe, efficient and economical operation, the rules will not be conversive of necessary discipline.

The right of employees to organize for lawful objects shall not be denied, interfered with or obstructed.

The right of such lawful organization to act toward lawful objects through representatives of its own choice, whether employees of a particular carrier or not, otherwise shall be agreed to by management. No discrimination shall be practiced by management as between members and non-members of organizations, or as between members of different organizations, nor shall members of organizations discriminate against non-members.

to be there represented by a counsel of his choosing. If the judgment shall be in his favor he shall be compensated for the wage loss, if any, suffered by him.

Proper classification of employees and reasonable definition of the work to be done by each class for which just and reasonable wages are to be paid, if necessary, but shall not unduly impose uneconomical conditions upon the carriers.

HOURS TO BE REGULAR

Regularity of hours or days during which the employee is to serve or hold himself in readiness to serve is desirable.

The principle of seniority long

applied to the railroad service is sound and should be adhered to. It should be so applied as not to cause undue impairment of this service.

The board approves the principle of the eight-hour day, but believes it should be limited to work requiring "practically" continuous application during eight hours. For eight hours pay, eight hours work should be performed by all railroad employees except engine and train service employees, regulated by the Adamson act, who are paid generally on a mileage basis as well as an hourly basis.

The health and safety of em-

ployees should be reasonably protected.

The carriers and the several crafts and classes of railroad employees have a substantial interest in the competency of apprentices or persons under training. Opportunity to learn any craft or occupation shall not be unduly restricted.

The majority of any craft or class of employees shall have the right to determine what organization shall represent members of such craft or class.

Decision of the Railroad Labor Board to abrogate the national agreements came as a surprise to organized labor. W. H. Johnston,

spokesman of the railway workers' union, within the American Federation of Labor, said tonight.

"This means a tremendous loss of time and tremendous expense," he said, "when the whole problem, instead of being disintegrated to the roads, could have been thrashed out by one committee."

SEES LABOR VICTORY

CHICAGO, April 15.—(By the United Press)—"Railway workers of the nation have won a great victory."

This was the comment of Bert M. Jewell, president of the railroad department of the American Federation of Labor today in ordering present

working agreements abrogated July 1 and a new set of rules adopted.

"The decision upholds the principle of working agreements," he said. "Union rail officials studied the decision minutely today."

The decision ended a drawn-out fight between employees and rail management. Three months ago W. W. Atterbury, vice president of the Pennsylvania, and spokesman for the roads, asked that working agreements be abrogated. Employees bitterly fought his application.

Flaherty Fails to Take Job As Sealer

SAN FRANCISCO, April 15.— Why Thomas Flaherty, chief wharf- inger, has failed to appear at the city hall to assume his duties as city sealer of weights and measures, to which position he was appointed three days ago, is furnishing new material for wonderment by the po- litical gossip. Flaherty says he has not assumed his new duties because he has not been officially notified of his ap- pointment. John S. Dunnigan, chief clerk of the supervisors, says that he made the official notification Tuesday. Flaherty was appointed in the face of charges of incompetency made verbally by Charles G. Dawson, state sealer of weights and measures after a stormy session of the supervisors.

ACTIVITIES OF WOMEN

MRS. LOUIS T. HICKEY of Durant avenue, Berkeley, who en- tertained with an evening for Mrs. Robert Huntington, who will leave for a three months' trip north. (Boye Portrait)

Benefit Dance Is Planned For Children

The board of managers of the West Oakland Home have made plans for a large benefit dance Fri- day evening, April 22. The affair is to be held at the Arcadia. The pro- ceeds will be used to pay for the new machinery recently installed in the laundry of the home and other necessities for the comfort of the little children who find shelter with- in its precincts. Tickets may be ob- tained from any of the board of managers. These are Mesdames Ernest Black, Carl Gordon, William Donaldson, S. Fetherston, E. F. Hen- derson, William Johnson, S. Randall, R. S. Stockton, N. B. Turner, D. R. Tutt, L. Werner, Miss E. Graham and Dr. A. Merrill Hedges.

Mrs. Wallace McKinney Alexander will give a large social affair at "The Gables," her home in Crocker High- lands, Wednesday afternoon. Her guests of honor will be Mrs. Kendall Morgan, whose home is now in De- troit and Miss Emma Mahoney, who arrived a short time ago from New York. The former home of Mrs. Morgan was in Piedmont, but at present she is staying at the Hotel Oakland during her sojourn in the bay region. Miss Mahoney is the guest of her sister, Miss Louise Ma- honey, in San Francisco.

WILL TOUR THE EAST

Miss Marion Weir will accompany her parents, Mr. and Mrs. James C. Weir of Vacaville, on an extended tour of the East, and will leave with- in a few days. While in New York she will be joined by her cousin, Miss Grace Willson, who left a short time ago for the eastern metropolis via Panama. Miss Weir is a cousin of Mrs. Ralph Ensign Merritt of Liver- more and a niece of Miss Mary Nicholl of this city.

A new branch of the Baby Hos- pital Association has been formed. It will be known as the Garden branch of the organization and al- ready its personnel numbers seventy members, with the prospect of many more. Wednesday afternoon a special meeting was held at the home of Mrs. Harry Weihe in Alameda. This particular branch will look after the grounds surrounding the home. Mrs. Chester Jamison is general chairman, Mrs. John Parker treas- urer, and Mrs. William Dolge sec- retary of the branch.

Alameda branch of the "Leaves," as the junior members of the asso- ciation are known, are busily en- gaged in making and painting garden sticks for the garden fête April 30 at the home of Mrs. E. C. Hume in Piedmont.

Mrs. Bert S. Hubbard has sent out cards for an elaborate luncheon to be given April 29 at her home in Vernon Heights.

Mr. and Mrs. Edward Fennon have returned from their wedding trip and are now in their new home in Crocker Highlands. Mrs. Fennon was Miss Dorothy Cawston before her wedding in March.

DINNER DANCE AT "GREYSTONE" "Greystone," the home of Mr. and Mrs. Mark Laurence Requa, was the scene of a dinner dance last night, when Miss Alice Requa entertained for Miss Laura Lindsey Miller. The guest list will include the debutantes and their cavaliers.

REDDIN-LYNCH WEDDING YESTERDAY Because of a recent bereavement in the bride's family the marriage of Miss Margaret Reddin, daughter of the late C. O. O'Brien Reddin and

A Matter of Foresight

"Indeed, you were farseeing, weren't you, Mrs. Black? I'll say you showed very good judgment." "Yes, I think I did, but then one has to in this day and age of hard times, especially when one has a fam- ily to consider. Heretofore it has al- ways been quite an effort to keep my little flock well dressed, but now I think I've solved that problem with the help of Cherry's. The store for women is at 515 13th street and the men's store 525 13th street. At the are full of real bargains in the best- looking clothes. Everyone of us, including that young son of mine, who needed a school suit, and my growing daughters, who always need things, took advantage of Cherry's low prices and extended credit. My husband has a new overcoat, and I, for once, have an entire new outfit, and it was all made possible because we were able to buy the best clothes on a dignified credit plan."—Adver- tisement.

FRECKLES

Don't Hide Them With a Veil; Re- move Them With Othine— Double Strength.

This preparation for the removal of freckles is usually so successful in removing freckles and giving a clear, beautiful complexion that it is sold under guarantee to refund the money if it fails.

Don't hide your freckles under a veil; get an ounce of Othine and re- move them. Even the first few ap- plications should show a wonderful improvement, some of the lighter freckles vanishing entirely.

Be sure to ask the druggist for the double strength Othine; it is this that is sold on the money-back guar- antee.—Advertisement.

MOTHER'S FRIEND

For Expectant Mothers USED BY THREE GENERATIONS

NOTE: 100 BOTTLES OF MOTHER'S FRIEND AND BEST, FROM BRADFIELD REGULATOR CO. DEPT. 20, ATLANTA, GA.

Think of your vote as you do your business. See page 11.

Mrs. Reddin, and Kenneth Ransome Lynch, formerly of Alameda, was a simple ceremony yesterday in old St. Mary's church in San Francisco. Mrs. Lynch was married in a gown of gray tulle and crepe, brocaded in silver and carried orchids. Lynch is a son of the late James K. Lynch and Mrs. Lynch, and a brother of the late Laurence S. Lynch who was killed in the service in France. The bridegroom is in the naval aviation service during the war. Mr. and Mrs. Lynch will make their home in San Francisco on their return from their honey- moon.

Among the week-end parties will be that at which Miss Grace Buckley will preside as hostess this evening for a number of the younger set from both sides of the bay. Miss Buckley is one of the sub-debutantes and has been entertained throughout the winter and spring by many friends.

The Oakland Assembly will hold its third dance of the season to- morrow evening in Ebell club. More than two hundred will enjoy the af- fair. Officers of the Assembly are Douglas M. Jackson, Clifford Y. Fraser, Emil P. Ziegler, Benjamin B. Buzzo, Earle V. Stevenson, Miss Ethel Handley, Miss Marguerite Mc- Padden, Miss Estelle Gibbs, Mr. and Mrs. Miles S. Staples. On the reception committee are Miss A. Murphy, Miss Merle Heaney and Miss Alwina Jeffery. Patronesses are Mesdames George C. Pardee, Joel Hayes, M. de L. Hadley and Howard Watson Bray.

Tomorrow afternoon Miss Bernice Braun will entertain at an informal tea at her home in Fifth avenue. The guest of honor will be Miss Loretta Blakey, bride-elect. Cards have been sent out to a group of friends from both sides of the bay.

Mrs. Louise B. Coddard, wife of Dr. Coddard, San Francisco physician, whose home is in Berkeley, is among the passengers booked to sail from New York April 20 on board the ex- press liner Olympic of the White Star Line for Cherbourg and Southamp- ton. Mrs. Coddard will go abroad to visit her son in France.

Two Boys Arrested for Theft of Auto

Two boys, both 15 years old, were arrested at Morgan Hill, Santa Clara county, in an automobile which they are accused of having stolen from this city. The machine belonged to Alfred H. Hant and was a delivery truck. Both boys are in the Deten- tion home.

Let's quit gabble and bubble. Vote for V. O. Lawrence For School Director No 3 A Business Man for a Business-like Board of Education.

Bach's Cake for cements—15c.—Ad- vertisement.

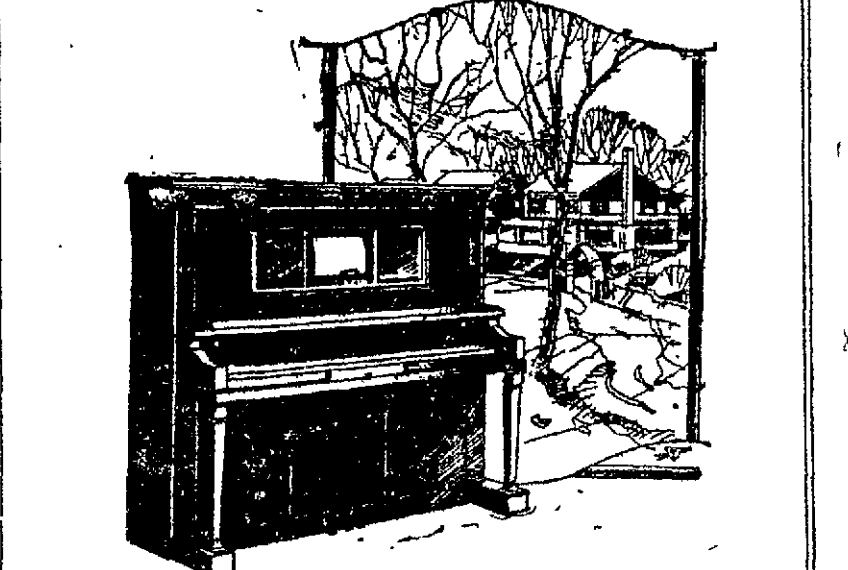

Bill In to Divide Trophies of War

WASHINGTON, April 15.—Field guns and other war trophs captured by the American army during the world war would be distributed through Senators and Representa- tives to the states in proportion to the number of troops furnished, un- der a bill introduced in the House.

Fire Destroys 4000 Houses of Japanese

HAKODATE, Japan, April 15.— Fire here destroyed some 4000 houses before it was brought under control. The buildings destroyed included three Christian missions, the British consulate, several banks, hospitals, school houses, theaters and govern- ment buildings.

MUSIC IS REAL RECREATION

Rest and real relaxation come with the Player Piano. Comes also the ability to play the music you most love as you long to hear it played.

THE EUPHONA PLAYER

is an instrument of much more than usual merit—it is a quality product in every part and lends itself most perfectly to every whim of the hand that guides it, and that, too, with slightest effort.

Moderately priced and convenient terms. Send for catalogs.

At Gerwin's Tomorrow an unusual

Millinery Event

Special emphasis on value is noted in the collection of

New Hats at

\$10

Trimmed Hats and Sport Hats!

A GAIN Gerwin's comes forward with a demonstration of value! A large collection of smart, new Trimmed Hats and Sport Hats of unusual charm is offered at the special price of \$10. Here will be found hats of Gerwin quality and style at a price that reflects our policy of value giving. There are Trimmed Hats in all the leading materials, shapes and colors, trimmed with flowers, fruits and other ideas that portray the tendencies of the season. Sport Hats, large, drooping affairs; smart little sailors, and those of medium shape. Featured are interesting body hats in Orchid, Jade, Gray, Black, White, Copen, Pink, and other shades trimmed with flowers and other ideas; hats of unusual individuality. The famed Meadowbrook Sport Hats, which we sell exclusively in this community, are well represented. Clever hats in silks, straws and other fabrics. So, madam, you will agree that the price we have placed upon these hats — \$10 — is indeed low. Do call in and let us show them to you—call tomorrow.

Because of the extremely large and diversified line offered at this special price of \$10, showings will be made on our MAIN and SECOND floors

Attend this \$10 Event Tomorrow!

Tomorrow—Last Big Day

Shafran's Cloak & Suit House

20th Anniversary Sale

For tomorrow—the last big day of our 20th Anniversary Sale—we have planned the most spectacular offerings of our whole sensational sale. We have assembled a number of higher-priced garments into special groups at more startlingly low prices than any we have yet offered. These garments are positively the very finest new merchandise and at our prices for tomorrow are the best bargains offered anywhere in the bay cities.

Three Wonderful Coat Groups

Clever new coats and wraps in the smartest styles and the most beautiful materials—including Normandies, Bolivias and Ramona cloth—listed for the last day of our sale only in three exceptional bargain-groups.

Group 1 \$24.95 Group 2 \$29.85 Group 3 \$39.85

Last Specials on Dresses

Specially purchased for the closing day of our 20th Anniversary Sale, this shipment of 42 beautiful new spring and summer dresses includes the most extraordinary values this store has ever offered. These dresses must be seen to be appreciated. Specially priced for this last day in three groups.

Group 1 \$24.95 Group 2 \$37.85 Group 3 \$49.85

Final Sale Prices on Suits

Tomorrow only will it be possible to buy these stunningly clever new spring and summer suits in tricotine, serge, tweed, and high grade jerseys at our present prices.

Group 1 \$23.85 Group 2 \$29.85 Group 3 \$39.85

Wind-up Bargains in Sport Skirts

Here are some surprise-offerings in beautiful new sport-skirts of extra fine materials. They, too, were bought for the last day of our Anniversary Sale and are priced for that day only in two surprising groups—

Group 1 \$8.95 Group 2 \$14.35

These coats, dresses, suits and skirts are unequalled values. To be fully appreciated they must be seen. We suggest that you visit our store tomorrow if you want to secure unusually smart clothes for spring and summer wear at prices which ordinarily prevail at the season's close rather than at its opening.

ROTARY SPEAKER PAYS BASEBALL HIGH TRIBUTE

Great American Game Dates
Back to Biblical Times,
Says Al Saroni.

Opening of the baseball season was properly paid tribute by Al Saroni in an address before the Oakland Rotary Club at its weekly luncheon in the Hotel Oakland yesterday in an oration on the subject in which he traced baseball back to Biblical times and demonstrated the connection of the game with modern affairs. He declared that "even an automobile is not much good without a battery."

The bawling cup for the Twenty-first Rotary District, comprising California, Nevada, Arizona and Hawaii, which has now been permanently won by the Oakland's club's bowling team, was presented to the club by Frank Reed, captain of the bowlers. The members of the team which have carried off the district honors include Frank Reed, Carsten Schmidt, Harry Kelton, Norman De Vaux, Gus Gearhardt, Grover Ballard and Ralph Whitney.

Carsten Schmidt reported the proceedings of the recent district convention of Rotarians held in Long Beach and Ed Wittenberg gave a similar report on "some things that didn't happen."

Schmidt told of the enthusiastic reception by the district convention of the "Mar-No-Name" campaign which has been conducted by Group 12 of the Oakland Rotarians and reported that more than 2000 "Mar-No-Name" buttons had been distributed in connection with the presentation to the convention of this stunt a skit was presented by Jos. J. Rosborough and Roy Munsell.

St. Patrick's Parish Whist Party Tonight

The Catholic Ladies' Aid Society of St. Patrick's parish will hold its post-Lenten benefit whist party in the West Oakland auditorium, West 12th and Franklin streets, tonight. Arrangements to accommodate 250 people have been made.

The progress of the players will be supervised by State Senator A. P. Anderson, chairman. Supervisors John F. Mullins, Judge E. J. Tyrrell, Daniel J. Mullins, W. H. L. Hynes and George Nolan.

Those in charge are: Mesdames Della Carney, E. Mullen, Sarah Thompson, Rose Fenelon, May Garahan, Sarah Murphy, Susie Hayes, Martha O'Brien, Mary Schuch, S. M. Treacy, J. Ward, Margaret Thomas, J. Ellison and Miss Nora Lydon.

The scorers named are: Misses Catherine A. Mullins, Alice J. Rapold, Esther V. McKay, Sabina G. Mullins, Elizabeth Meehan, G. N. Jordan, Marion Shea, Helen C. Goodman, Viola Penelon, Roselle Brann, Annie Leonard, Ella Gargan, Anna Mulken and Annie Holland.

S. F. Lawyer Honored by Dinner in Berlin

BERLIN, April 15.—L. M. Hoefler, a well known San Francisco lawyer, was today a guest of honor at a luncheon of Berlin Minister Simons, Dr. Schwabach and a number of other bankers were also guests.

SAN FRANCISCO, April 15.—Ludwig M. Hoefler is a member of the law firm of Hoefler, Cook and Schuch with offices in the Claus Schuch building, Hoefler, according to a building who resides at 180 1/2 street, is in Germany on leave of absence.

Girl Struck by Train Dies in Hospital

Irene May Senkile, 17, of 1570 Thirty-fourth street, was struck by a Southern Pacific train yesterday afternoon at the intersection of Thirty-fourth and Broadway streets. She died this morning at the hospital.

According to reports from the authorities the girl ran in front of the train. Her father, William Senkile, a shipyard worker, was with her when she was struck.

Her father, who was with her when she was struck, was at her bedside when she died.

Mrs. E. M. Goodwin Tells How Cuticura Healed Pimples

"For about four years I suffered with large, red pimples on my face and neck. They were very sore and itched very much. I tried many different remedies but nothing helped. I then used Cuticura and after one week the pimples were gone and my skin was clear. I am now a healthy and happy woman." (Signed) Mrs. E. M. Goodwin, 1234 F Street, San Francisco, California.

When used for purposes Cuticura cleanses, purifies and soothes the skin. It prevents many skin diseases and is followed by occasional use of Cuticura Ointment to soothe the skin.

Do not fail to include Cuticura in your mail order list. Write for a free trial of Cuticura Soap and Ointment.

Spring Togs at Moran's

All men like to be stylish, and with business and labor in their present unsettled conditions all sensible men are inclined to economy.

At Moran's these two ideas can be worked out to entire satisfaction. There's a decided "kick" in the new Spring patterns and shades. Come and see it. In matters of dress Moran goes to the limit of good taste but not to freakish extremes. This is true of everything a man wears, and which we are offering today. Prices, exactly what they are worth right now.

MORAN'S

11th and Broadway

Store for Lease

Very desirable store, 20-ft. frontage; 100 feet deep, on 13th St., near Broadway, to lease; also space on second floor suitable for sample rooms or light manufacturing purposes. Apply Mr. Brown, Oakland Tribune Office.

I Had a Fight With the Jones Kid

because I bought the last bag of Superior Doughnuts at our grocer's when he wanted to buy them, too. I don't blame him for being sore because they're the best thing the grocer's got—but he'll get some more tomorrow. They come fresh every day.

AUDITOR SEEKS TO INCREASE TAX OF CORPORATIONS

Williams Lists Oakland Properties Which He Charges Are Not Operative.

Oakland corporation properties worth more than half a million dollars are declared to be non-operative, and therefore taxable, in a protest sent late yesterday to the State Board of Equalization by City Auditor Harry G. Williams, who requests that a previous statement of the corporations declaring these properties operative to be annulled.

By regular procedure, the city of Oakland had 30 days to protest to the Board of Equalization. Today is the thirtieth day. If Williams had not made his protest in time the taxes on the statements would go by default.

The protest affects the Southern Pacific, the Pacific Gas and Electric Company, the Great Western Power Company and the Pacific Telephone and Telegraph Company.

Williams takes the statements of each company and alleges that certain properties contained therein should be taxable, inasmuch as the properties contain no improvements or are not exclusively used by the corporation.

SAYS LAND VACANT

For the Southern Pacific, Williams cites many pieces of property, including the Fourteenth street and Franklin street park, the Clinton tract, the Fruitvale station tract, the Sather tract, Huntington tract and many others, which he says "consist of land which is entirely vacant" and is not occupied by "roadbed, rails, switches, buildings, power lines or piers used exclusively in the operation of the railroad's business."

The Great Western Power Company, according to Williams, has the following interests which are not operative, he says, under the definition of section 3665 of the political code. These include the plant at St. Mark Hotel, the hotel in the Realty Syndicate building, two miles of steam mains, steam pipes, and other investments of the company which, Williams asserts, are not strictly operative but are in reality side lines to the regular business.

PROPERTY NOT USED

For the Pacific Gas and Electric Company, Williams cites a similar system of machinery, steam plants and distributing systems as non-operative property.

"The property above specified," he says, "is not used or useful in the operation of this company's business as a gas or electric utility."

For the telephone company, Williams cites realty on Franklin at Durant street, alleging that "the improvements thereon are not used by the telephone company in their business." This property is the building once used by the Home Telephone Company and acquired by the Pacific, which did not find it adapted for the Pacific's exchange and left it vacant.

The total of all the properties, which are described in detail with legal phraseology, amounts to more than \$500,000, according to an estimate by Williams, who asserts that if these properties can be made to yield taxes, an additional source of taxable income is open to the city of Oakland, lessening the proportion of the other taxpayers by that much.

George Hostfield of New York holds the record for speed on a typewriter with 131 words a minute.

Free Clinic Patient Complains of Theft

Mark Hammonter went to the Oakland Free Clinic yesterday afternoon. He went in on dressing room to change his clothes. There was another man in the room also changing his clothes. When Hammonter returned to the room he found that his purse with \$85 was missing from his pocket. He complained to the officials at the clinic. Three women at the clinic questioned the other man. He became insulted and told them to look in his pockets. The women took him for face value. Hammonter went to the police station. The police discovered that the other man is on probation. He will be questioned today.

POLITICAL ADVERTISEMENT

POLITICAL ADVERTISEMENT

COMPETENT OFFICIALS MEAN EFFICIENT GOVERNMENT

FRANK COLBOURN
COMMISSIONER No. 1

ALBERT E. CARTER
COMMISSIONER No. 2

THAT IS WHY
YOU SHOULD ELECT

COLBOURN AND CARTER

- STRAIGHT AHEAD of Oakland lies the greatest future of any city on the Pacific Coast.
- TO TAKE ADVANTAGE of this opportunity Oakland must have a thorough business administration.
- AFTER AN EXAMINATION of the qualifications of every candidate the Good Government League composed of men honestly and earnestly interested in the welfare of Oakland and without political or partisan bias, unanimously endorsed COLBOURN and CARTER as the two candidates who measured up to the responsibility of directing the destinies of Oakland during the coming four years in a business-like, efficient manner.
- FRANK COLBOURN and ALBERT E. CARTER are thorough business men.
- THEY ARE MEN of character. Their past records speak for themselves.
- THEY KNOW that every expense of city administration comes out of the pockets of the taxpayers.
- THEY BELIEVE that the taxpayers are entitled to an economic, efficient, business-like administration of city affairs and they pledge themselves to give the people of Oakland a straight-forward business administration.
- THEY MAKE their appeal directly to the taxpayer, the man who is interested in the welfare of the city.
- OAKLAND CANNOT progress with discord and strife in her city government. She must have harmony.
- THE ELECTION of COLBOURN and CARTER will restore harmony, and give to Oakland an efficient, constructive administration.

FRANK COLBOURN has had 14 years' experience in city government affairs. This experience has given him an understanding of the workings of the various city departments possessed by no other man in Oakland. He will bring to the commissionership this valuable knowledge plus a trained legal mind and a record for business ability.

ALBERT E. CARTER is a well-known and successful attorney, former president of the Rotary Club and a man of high ideals and demonstrated ability. He made a record as one of the chief organizers of the war camp community work. He is qualified by training and business experience for this public service.

The issues involved in the election are so vital that every taxpayer should vote at the primary Tuesday.

Further discussion of vital issues for Oakland's welfare in tomorrow's Tribune

NINE HURT WHEN TWO S. P. TRAINS COME TOGETHER

Most of Injured Are Taken to Mojave Hospital for Treatment.

Nine persons are in hospitals today suffering from injuries sustained late yesterday when the Southern Pacific's "Sunset Limited" crashed head-on into a passenger train coming from Los Angeles to San Francisco.

The injured:
E. M. STANLEY, San Diego.
LEONARD CUTLER, Visalia.
HYDE FORBES, Visalia.
MRS. C. N. HENRI, Fresno.
J. MENDE, Brooklyn, N. Y.
W. P. STEVENS, Los Angeles.
R. E. SOUTHWORTH, conductor
C. C. BROOKS, brakeman.
G. C. REIS, news agent, lies in Los Angeles.

None of the victims of the wreck are in a serious condition. It was announced today that cuts, bruises and a general shaking up constituted the worst injuries. Most of the persons were taken to Mojave for treatment.

Out of the nine victims six were passengers and the remaining three were members of the train crew.

The fact that both trains were traveling at a low rate of speed, officials of the roads said, was the reason that no serious injuries resulted. The Los Angeles train failed to take the siding at La Brea between Rosemond and Mojave, to let the limited pass, it was said, due to a misunderstanding of signals.

The tracks were cleared within a couple of hours and traffic was resumed.

ACCUSED CLERK CONFESSES CRIME

Lorentz J. Fossel, former clerk for the Western Union Telegraph Company of San Francisco, who is charged with grand larceny, confessed last night to the crime after being questioned all day by Police Inspectors Harry O'Connell and William Emigh, they say. He is alleged to have forged checks amounting to \$10,000.

Fossel at first denied all knowledge of the crime, saying that he was the wrong man. The two police inspectors and prosecuting attorney Fred Donahue took Fossel to the various banks yesterday to have him identified as "C. R. Rand," the name under which he had made his deposits.

Fossel at first denied all knowledge of the crime, blaming his downfall to poverty and a small salary. In August, 1920, a book of officially signed bank checks sent from the New York office to an agent in this state accidentally fell into the hands of Fossel, who was then a clerk in the cashier's office. He received checks from the eastern offices and would copy them in the blank check book, signing the name of "C. R. Rand." He said he had accounts under that name in the Oakland Bank of Savings, the Central National First Savings and the First Savings Bank of Oakland.

Cancelled checks amounting to \$2040 were recovered in the local banks by the police. A. H. Sprague, traveling auditor for the company, is the man who first discovered the theft. He told the police that the theft will amount to \$7000 or \$10,000.

Fossel was arrested in his apartment on Pine street, San Francisco, Tuesday night.

Officers Chosen by Washington Juniors

At a meeting of the Sons and Daughters of Washington Juniors last night at the clubrooms, 501-4 Pacific building, the following officers were elected: L. De Castro, president; A. Harris, vice president; J. Ward, secretary; O. Jensen, treasurer; D. Merrill, sergeant-at-arms; T. Schonwald and F. Schreiber, trustees.

The executive committee will be elected at next meeting. Plans were discussed for the newspaper to be issued during the coming week by all the clubs affiliated with the S. D. W. organization. The coming family reunion, which is to consist of a banquet and ball, to be held on April 30 and on May 1, next, there after, was also taken up. This affair is to be a get-together of all S. D. W. clubs, in which the banquet and dancing will be preceded by a literary and musical program.

ROBBED BY STRANGER
A stranger came to the home of Theo Olson, 1237 Twelfth street, and asked for a room. Olson took him through the house and showed him several rooms. The stranger decided he did not want a room. When he was leaving the house he asked for a drink of water which was given to him. After the stranger had left Olson discovered that a gold ring had been stolen.

WOMEN AND GIRLS DEDICATE LINCOLN FLORAL TRIBUTE

The Women and Girl Workers of the Civil War, '61 and '65, yesterday commemorated the anniversary of Lincoln's death by unveiling a floral tribute in the City Hall plaza in commemoration of the death of Abraham Lincoln.

Calli lilies, roses, geraniums and all other California flowers covered the monument which was topped by a portrait of Lincoln and by a banner bearing the legend "We mourn the loss of our beloved President who died on 14th of April, 1865."

Appropriate ceremonies accompanied the unveiling. Music was furnished by the Firemen's Band. The exercises were conducted in the open air. The program was given under the auspices of the Women and Girl Workers of '61 and '65 and other societies.

PRAYER OPENS CEREMONIES
The dedication ceremonies were opened by a prayer by Rev. P. R. Dille. The Firemen's Band played "The Star Spangled Banner" and other selections.

Comrade C. T. Stenim, past commander of Fred S. Savell post, G. A. R. No. 230 of Wisconsin, a visitor in Oakland, was one of the speakers. William Heitkamp, president of the Illinois Society, also made a few remarks. He called attention to the fact that although Lincoln belonged to the entire country, Illinois took a special pride in him as it was in Illinois that his boyhood was spent.

Another feature of the exercises was a song by the Women and Girl Workers of '61 and '65.

Brief talks were given by Com-

Members of the Women and Girl Workers of the Civil War, '61 and '65, various posts of the G. A. R. and other organizations grouped about the huge floral monument unveiled with fitting ceremonies in the City Hall Plaza yesterday in commemoration of the death of Abraham Lincoln.

rade Brinkerhoff, Rev. P. R. Dille, Fred Mellman and Comrade A. H. De Groot of Wisconsin. An original poem was read by Fred A. Campbell, and Fred Dietzman played a selection on the drum which he had carried in the Civil War. In one engagement in which Mrs. Glud took part 7000 men were killed. Mrs. Anna A. Cannon, 1140 Oak street, was another active participant. Many of the women who took part in the services yesterday are 90 years old and over.

Aides in the ceremony were Jeanette Lott, sergeant; Anita Congdon, Hattie Clifford, Mae Halliwell, Eva Darling, Mrs. Orcutt, Miss Landers and Henrietta Kuehl. Today will be Colored People's Day and tomorrow, the third and last day of the commemorative exer-

STATE EMPLOYEE LOBBYING MAY BE CHECKED BY BILL

Southern California Delegation Plans Revenge for the Killing of Lyon Bill.

TRIBUNE BUREAU, SACRAMENTO, April 15.—The tabling of Senator Charles Lyon's bill, which would make possible the establishment of four more State universities, has raised a storm of protest from the Southern California delegation, and is responsible for the beginning of an action directed at lobbying by State employees. Lyon, who is convinced that the bill is hopelessly killed, is seeking to wreak vengeance on Robert Sprout, controller of the University of California, who discovered the "bug" in the measure and brought it to the committee's attention.

The next move, the southern men say, will be a bill directing State employees to refrain from lobbying in any manner. It has always been the custom for a representative of the University of California to spend his time at the legislative sessions, as he has been called upon daily to state the university's position regarding various measures. Sprout has done this work before committees and in the open, and the friends of the university believe that he has been able to give much valuable information.

In the old days President Wheeler, in charge of the veterans of the Spanish-American war,

used to spend weeks at a time in Sacramento. If the bill is put through the custom will cease. It is probable that it will be given some strong support as an echo of the King tax bill fight in which a number of State

employees took part as lobbyists. Senator Frank M. Carr's bill to require non-resident students to pay tuition at the State university has passed the Senate. It exempts graduates of Berkeley, but it does not exempt those graduate students in the professional schools. It was argued against the bill that it would serve to keep out of the State a large number of persons who would otherwise become valued citizens.

1000 New Dinner Sets

To be sold at $\frac{1}{2}$ the market price

The biggest sale ever held in our china department—an entire carload of selected thirds. There are no small unnecessary pieces in the lot, all are full sized pieces that are used every day. Come in early as the sets won't last long at these prices. There are three patterns, as illustrated—the plain white in a fancy shape, fancy Hudson shape with pink floral spray design, and the Republic shape with stamped gold floral decoration.

34-piece Set
\$3.95 in white
\$5.95 in floral patterns

This set includes 6 teacups and saucers, 6 four-inch sauce dishes, 6 bread and butter plates, 6 seven-inch plates, one vegetable dish, one medium platter, one bowl and one pickle dish.

42-piece Set
\$5.95 in white
\$7.95 in floral patterns

It includes 6 teacups and saucers, 6 four-inch fruit dishes, 6 five-inch dessert or bread plates, 6 seven-inch breakfast or service plates, 6 seven-inch soup plates, one open vegetable dish, one medium platter, one table or gravy bowl, one sugar bowl with cover and one creamer.

50-piece Set
\$7.95 in White
\$10.95 in Floral Patterns

The 50-piece set includes 6 teacups and saucers, 6 four-inch bread and butter plates, 6 seven-inch soup plates, 6 four-inch fruit dishes, 6 teacups and saucers, 1 medium platter, 1 large platter, 1 seven-inch open vegetable dish, one covered vegetable dish, one pickle dish, one sauce or gravy bowl and one table bowl.

72-piece Set
\$10.95 in White
\$13.95 in Floral Patterns

This service includes enough for 12 people. There are 3 each of dinner plates, dessert plates, bread and butter plates, fruit dishes, soup plates, teacups and saucers, one 10-inch meat dish, one 12-inch meat dish, two open vegetable dishes, one sauce or gravy bowl, one spoon tray, a sugar bowl with cover and creamer.

98-piece Set
\$12.95 in White
\$16.95 in Floral Patterns

Service for 12 people. There are 12 each of soup plates, teacups and saucers, dinner plates, dessert plates, salad plates, bread and butter plates, and sauce dishes, a medium sized platter and a medium sized vegetable dish.

Separate Pieces

If the sets do not suit you, or if you only wish a few dishes, you may buy them separately and make up your own sets in either plain white or the floral patterns. Take advantage of this opportunity to get exactly what you want at a very low price.

108-piece Set
In White, \$16.95. In Floral, \$21.95

Full dinner service for 12 people—12 each of dinner plates, salad plates, bread and butter plates, fruit or sauce dishes, cereal dishes, soup dishes and teacups and saucers, one medium-sized vegetable dish, one large vegetable dish, one fruit dish, one pickle dish, one sauce or gravy bowl, one sugar bowl with cover, one creamer, one milk pitcher and one pickle or relish dish.

Remember that a 9-piece aluminum set is given absolutely FREE OF CHARGE with every BUCK stove sold during April. See them when you are in Saturday.

PACIFIC COAST UNITARIANS END 3-DAY SESSION

Palo Alto Man Heads New Officers; Directors Given Bay Cities.

The final session of the triennial Pacific Coast Conference of Unitarian churches, which has been going on for three days in the First Unitarian church, San Francisco, was held last night. It was a joint meeting under the direction of the San Francisco, Oakland and Berkeley chapters of the Unitarian Laymen's League.

The morning session was given over to business discussions and the election of officers. From the eighty delegates attending the conference from the twenty-six Unitarian churches on the Pacific coast, directors were selected to act until April, 1924, under the presidency of Professor William H. Carruth of Palo Alto. They are: W. H. Richardson, Oakland; Rev. O. J. Fairfield, Long Beach; W. H. Gorham, Seattle; Henry C. Hall, Victoria, B. C.; Rev. E. Burdette Enckes, Los Angeles; Miss Harriet Spaulding, Los Angeles; Mrs. John C. Perkins, Seattle; Charles A. Murdock, San Francisco. The directors still in office are L. H. Duschak, Berkeley; Rev. C. S. Dutton, San Francisco; Rev. W. A. Elliot Jr., Portland, Oregon; Rev. H. E. B. Speight, Berkeley. Devotional services at noon yesterday were held by Rev. John Carroll Perkins of Seattle. A eulogy was paid to two members of the Pacific Unitarian Conference who have died since its last meeting in 1918—Rev. O. B. Shirout of San Jose and Rev. William Day Simmonds of Spokane. At the closing session the main speakers were J. Randolph Coolidge Jr. of Boston and Henry C. Hall of Victoria. B. C. Coolidge, who was formerly president of the Boston Chamber of Commerce, spoke on "Personal Responsibility for Public Opinion and Action," emphasizing the necessity of treating community problems from a spiritual viewpoint. Hall, a former member of the legislative assembly of British Columbia, addressed the league on "The Need and Task of Unitarians at the Present Time." Abbott Hanks, president of the San Francisco chapter of the league, presided.

Thieves Loot Local Cannery Storeroom

Canned vegetables valued at several hundred dollars were stolen last night from the storeroom of the I. X. L. Cannery Company at 1109 Twenty-ninth avenue. Entrance to the room was gained through a side window. Among the articles taken were 24 cans of string beans, 18 gallons of assorted vegetables, 40 pounds of macaroni and 8 bottles of catsup.

Recovering From Drowning Escape

Chester B. Causey, 639 Fourteenth avenue, today is recovering from a narrow escape from drowning suffered when he was seized with cramps last night while swimming at the San Francisco Y. M. C. A. He was treated with a minimotor at the Central Emergency hospital after being rescued by attendants at the tank.

LEAGUE SAID TO HAVE COST \$50,000,000

PARIS, April 15.—The League of Nations, now declared to be officially dead as the result of President Harding's message, was revealed today as expensive. Despite the fact that every European member of the league is burdened with a terrible debt, the league has cost in the neighborhood of \$50,000,000, most of which is still unpaid.

BREWERY CLOSED
CHICAGO, April 15.—Federal Judge Landis took his first action against a brewery, under the abatement clause of the Volstead prohibition act, when he ordered the Hammond Brewery to discontinue business for one year.

ADOBE SOIL TO BE MADE POROUS

Experiments of interest to road builders in every State of the Union are to be conducted in California under an arrangement which has just been entered into between the California Highway Commission and the United States Bureau of Public Roads.

The detail of the arrangement was announced by A. B. Fletcher, Chief Engineer of the California Highway Commission, following his return from a conference in Washington with Thomas H. MacDonald, Chief of the Bureau of Public Roads. Following an intensive investigation

by the United States Bureau of Public Roads of soils which have given difficulty to road builders, it has been discovered that the difficulty with these soils, such as adobe and clays, generally lay in the presence in these soils of colloidal matter, a glue like substance capable of extraordinary absorption and retention of water. Colloids have been extracted from these soils and the result has been that the soil has been left inert and deprived of its quality of absorption.

The result of the discovery of colloids in these soils has been to change the trend of thought in highway construction.

The chief difficulty that highway engineers have found in building roads over these soils has been due to the large expansion and later contraction of the subgrade, resulting in longitudinal and other cracks in the surface slab. The attempt heretofore has been to overcome this

by increasing the thickness of the surface slab.

The effort now is to be made to overcome this tendency to large expansion and contraction by neutralizing the colloidal properties of the soil and rendering the subgrade a suitable base upon which to build the concrete slab.

Announcement also has been made by the United States Bureau of Public Roads that a regional office is to be established in San Francisco, having jurisdiction over eleven states and which will exercise a large degree of authority. This office will probably be in charge of Dr. Hawes who conducted the study of California highways for the United States Bureau of Public Roads.

IRISH REPUBLIC VOTED ON
SPRINGFIELD, Ill., April 15.—Without argument the Illinois House today adopted a resolution for recognition of the "Irish Republic," by a vote of 101 to 11.

Don't Squeeze Blackheads—Dissolve Them

Squeezing and pinching out blackheads make the pores large and cause irritation—then, too, after they have become hard, you cannot get all of them out. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way. That is to dissolve them. Just get from any drug store about two ounces of calomine powder—sprinkle a little on a hot, wet sponge—rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition—anyone troubled with these unsightly blemishes should try this simple method.—Advertisement.

What's Happening in the Motor World

by Jim Houlihan

Carl Christensen, one of the best known automobile men in the East-bay district, has taken the agency for the Paige car here. The contract was signed with Herbert A. Seller, Northern California distributor, this week, and the first of the new cars will be on display at the Broadway salesrooms tomorrow.

The Paige line is complete, ranging from five-passenger touring car to the sedan. There are several open and closed models, all finished in high-grade style and powered with the same motor that drove the winning car at Daytona. In this contest Ralph Mulford, one of the speed kings of the country, drove a Paige stock car faster than any stock car had ever been piloted before.

"We are establishing a complete service and parts depot here, and will be able to render service to Paige owners without delay," Christensen announces. "One of the things that sells automobiles is the service rendered by the man who handles the car. If this service is not up to standard and somewhat above, the owners soon become dissatisfied."

"Our aim is to make our Paige service second to none in the country."

DEMAND, FOR CARS, GOOD

"The demand locally is for good automobiles at a reasonable price. This has been the Paige aim for years, and they have succeeded in building a machine that stands up under all sorts of conditions and use. They have tested the car for several months over all sorts of roads in all parts of the country and have succeeded in making a car that stands the gaff."

"We are welcoming our friends and invite them all to look over the latest creation of one of the strongest car builders in the country."

HIGHWAY CONFERENCE HELD
Completion of California's state highway system on a basis which will provide roads of sufficient width and thickness to meet present and future traffic needs now seem assured as the result of a conference Tuesday in Sacramento between representatives of the State Highway Commission, California State Automobile Association and the Automobile Club of Southern California.

At the conclusion of the conference, at which all phases of highway work were discussed, the following joint statement was issued:

"At a joint conference this afternoon between the State Highway Commission and representatives of the California State Automobile Association and the Automobile Club of Southern California, it was agreed: "First: That the commission and the automobile clubs co-operate in the formulation of a definite program of construction of the entire state highway system."

WILL WORK OUT NEW PLAN
Second: That the commission and automobile clubs work out, prior to the meeting of the next State Legislature, a definite method for financing the entire state system on a basis which will provide roads of sufficient width and thickness to meet present and future traffic needs.

"Third: That the highway commission furnish the automobile clubs with their tentative budget for immediate construction."

"Fourth: That no final decision be reached as to road specification or other construction details but that the engineers of the commission and the automobile clubs co-operate and confer relative to specifications for future construction."

Present at the conference were: State Highway Commission—N. D. Darlington, chairman; Commission-

ers Charles A. Whitmore and George Mansfield and State Engineer A. B.

Fletcher, California State Automobile Association—H. J. Brunner, chairman good roads committee; D. J. Watkins, secretary-manager; D. V. Nicholson and Engineers Howe and Peters. Automobile Club of Southern California—W. A. Valentine, president; Standish L. Mitchell, secretary, and J. P. Lippincott, engineer.

Failure to Pay to Mean Imprisonment

Sam Newman, who was threatened with a jail sentence for contempt by Superior Judge Harris for failing to make his alimony payments to Mrs. Jeanette Newman, was given an ultimatum by the court today. Newman was haled into court to show why he was \$55 behind in his payments. He said he had lost his job as driver for a Berkeley express company and is driving a taxicab in Berkeley, but receives only a commission. "Didn't your former employers

discharge you because you were short in your cash?" asked Judge Harris. Newman denied this. He was told to make a payment of \$20 on each Friday and that on the first Friday he missed he might be prepared to enter the county jail.

DAMAGE SUIT FILED

Suit for \$25,250 damages was filed today by Dominic Gareffa against John Romeo for injuries inflicted on 6-year-old Salvatore Gareffa July 13, when it is alleged, Romeo's automobile ran over the boy.

Say you saw it in The TRIBUNE.

"No instrument approaches the Duo-Art in its perfection of construction and the fidelity of musical reproduction."

—ALFRED CORTOT

"This instrument is without question greatly superior to any other of its kind."

—IGNACE JAN PADEREWSKI

"It is distinctly in a class by itself."

—RUDOLPH GANZ

"The Duo-Art stands supreme among reproducing pianos."

—HAROLD BAUER

"The Duo-Art is so far superior to any other instrument of its kind, there can be no real basis for comparison."

—JOSEF HOFMANN

Cortot and Duo-Art delight music lovers

ALFRED CORTOT and the Steinway Duo-Art Reproducing Piano appeared in Municipal Auditorium Theater, in an invitational concert under the auspices of Sherman, Clay & Co. before a delighted audience last night

Beautiful as was Cortot's playing, the reproduction was equally marvelous. Every artifice of color and shading used by Cortot, the great French Master, was reproduced in faultless counterpart by the marvelous DUO-ART.

From thunderous Polonaise along the radiant way of melody, through colorful Rhapsodie and brilliant Etude-Waltz, the DUO-ART demonstrated its perfect ability to re-create the divine touch of the artist.

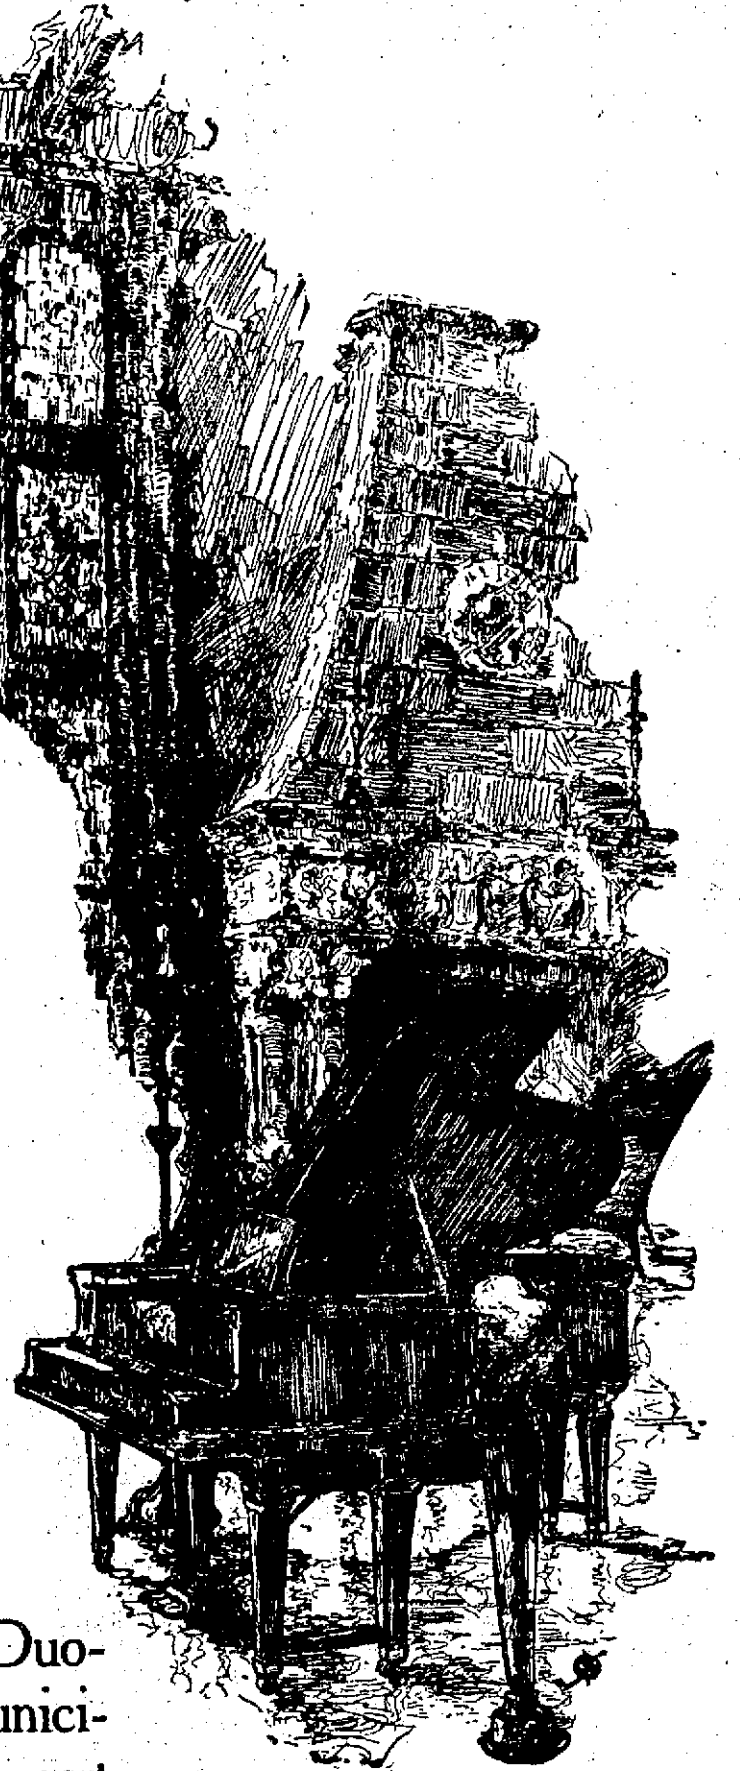

And there, in the presence of hundreds of music-lovers the DUO-ART again showed how it earned the sincerest compliment ever paid to an instrument by a great musician.

TO ALL who last night heard Cortot himself in recital, and to all others, Sherman, Clay & Co. extend a cordial invitation to come in and hear the Cortot records on the marvelous DUO-ART reproducing piano.

Not Cortot only, but Paderewski, Hofmann, Friedman, Bauer, Gabrilowitsch, Ganz, Grainger, Novaes and other masters of the piano have similarly recorded their exact playing for the DUO-ART—and for the DUO-ART exclusively.

Sherman Clay & Co.

Fourteenth and Clay Streets, Oakland
Kearney and Sutter Sts., San Francisco
818 Macdonald Avenue, Richmond

"I really do not know what to say of your magnificent Duo-Art Piano, which has not already been said and in the most enthusiastic manner, by all my eminent fellow-pianists. I am entirely in accord with their opinion when they say that no instrument approaches the Duo-Art in its perfection of construction and the fidelity of musical reproduction."

"But I go even further. I believe sincerely that this marvelous creation is of the greatest interest for the development of musical taste. I see in the Duo-Art an instrument capable of developing, even in those considered rebellious to musical sentiment, an enhanced comprehension of its highest manifestations."

"Surely the Duo-Art has a beautiful mission to fulfill. It is a superb contribution to the art of music." —ALFRED CORTOT.

'HYPHENISM' WILL BE LECTURE TOPIC

SAN FRANCISCO, April 15.—Captain Robert G. Woodside, D. S. C., commander in chief of the Veterans of Foreign Wars of the United States, the Gold Star order, will arrive in San Francisco Sunday night, May 1 and will be the guest of the San Francisco, Oakland and Berkeley posts of the organization until Tuesday morning May 3, when he will depart for the north. Captain Woodside, who is a veteran of the Spanish-American War and the World War, and who was decorated for gallantry in action during the Alsace-Marne offensive, is on a tour of the 500 posts of the Veterans of Foreign Wars in the United States. On this tour he is preaching the organization's program of Americanization which demands the elimination of the hyphen from the borders of the United States. He will be the principal speaker at a mass meeting to be held at the Civic Auditorium Monday night, May 2, when he will tell of the work of the Veterans of Foreign Wars in its campaign to aid the United States of hyphenated organizations. Monday morning May 2, he will make a tour of the Eastbay region as a guest of the Oakland and Berkeley posts and after luncheon in Oakland will return to San Francisco for a tour of the city and vicinity. The meeting Monday night will be open to the public as well as the members of the organization. The Veterans of Foreign Wars is made up of men who have served their country in war in foreign waters or on foreign soil.

FOUR WOMEN ARE NAMED AS U. C. SPEAKERS

BERKELEY, April 15.—Following a custom of many years' standing students were today chosen as the speakers at the last university meeting of the semester to be held next Friday morning in Harmon Gymnasium. The students selected by President David P. Barrows represent men and women of the coming graduating class who have taken leading parts in college activities during their university careers. Four co-eds are included, the complete list of speakers being as follows: Helen M. Allan, John W. Cline, J. Paul L. Davies, J. E. Diew, O. C. Majors, Mary F. Martin, Milnor McCabe, L. L. Neumiller, Gracella Rountree, A. B. Sprout, Henry M. Stevens, Jack Symes, W. A. White and the president-elect of the Associated Students.

H. L. Clapp, Banker, Dies in Berkeley

BERKELEY, April 15.—Henry L. Clapp, San Francisco banker, died last night at his home at 1012 Lassen street after an illness of two weeks. He was 45 years of age, a native of San Francisco and is survived by his widow, Mrs. Laura Clapp, and three children.

Playground Charter Amendment Is Urged

George E. Dickie, first superintendent of recreation in Oakland, has written a letter to the department urging the voters of Oakland to adopt the proposed playground charter amendment. In his letter Dickie says:

"There has been within the past five years a decided advance in recreation legislation all over the United States. It is of the utmost importance for the citizens of Oakland to see to it that the provisions in the city charter are sufficiently broad to allow for the greatest possible development along recreational lines. The proposed charter amendment giving the recreation department of Oakland increased powers in the extension of activities and the provision of facilities, are exceedingly forward looking and their adoption will add very materially to the prestige of a work already recognized as one of the leading recreation systems in the country."

ESCAPES PURSUER
Elizabeth Petersen, 12 years old, was abducted by a well-dressed man at the corner of Fifty-first and West streets, who smiled at her and tried to grab her. She ran, the man following her for half a block. She ran to her home and told her mother, who notified the police. The girl resides with her parents at 4709 Market street.

the United States at an elevation of six or seven miles a nearly constant wind may be found blowing from the west at from 50 to 75 miles an hour.

There seems to have been much over-optimism in regard to speeds that can be attained by aircraft with the help of these planetary winds. It has been stated in some instances that in upper currents as high as three hundred miles an hour, four-planes with powerful motors could reach speeds of four or five hundred miles an hour. The difficulty is that no winds have been found in the upper atmosphere.

Three Hundred Wireless Stations to Send Eastbay Section News to Tribune

More than three hundred amateur wireless stations in Eastbay counties are expected to take part in the test of amateur operators in actual newspaper news service work which is being jointly arranged for next Tuesday night by the Bay Counties Radio Club and the Oakland TRIBUNE.

For the past two weeks arrangements for the great demonstration of the work of the amateur wireless operators whose stations dot this entire district have been going forward by wireless and "the air" that is the wireless air—has been full of the plans for the test which is made public today.

Through a committee of two, made up of B. F. McNamee, president, and R. T. Carroll, secretary, of the local radio club, arrangements for the test are going forward.

On the night of Tuesday, April 19, the test will be conducted. Wireless stations throughout this section of California will be supplied with the news of their town by The TRIBUNE correspondents—the same as is normally carried to The TRIBUNE every day by the regular telegraph service. All through Tuesday night the operators will put their messages on "the air" to be received by the Oakland radio stations.

When the messages are received here they will be brought at once to The TRIBUNE office for publication in the issues of Wednesday, April 20, together with a detailed account of the workings of the wireless stations involved and of the system whereby news was gathered from throughout Central California.

A committee of the leading amateur operators in Oakland has been appointed by the club to act as receivers for the messages. They will officially answer the calls from the outside stations in order to insure a speedy transmission of the news. After receiving stations in the Eastbay cities are planning to "listen in" on the news transmission on Tuesday night and keen competition is expected to develop between the amateurs as to which of the unofficial stations can bring to The TRIBUNE the most complete report of the news transmitted on that night.

All amateurs who receive portions of the report have been requested by wireless from the stations of the club to come to the Tribune as early as possible Wednesday morning and enter into the race for honors as the amateur receiving the greatest part of the report.

According to Carroll, secretary of the club, the co-operation of every amateur in this section of the state has been secured in keeping the air free from other wireless communications in order that the amateur radio service test may be carried out perfectly. Great interest is being shown in the test, he says, by wireless amateurs up and down the coast and many of the amateurs in Seattle, Portland and Los Angeles and San Diego will hear Tuesday night the messages which are destined for publication in Wednesday's TRIBUNE.

Eight Oakland and Berkeley stations have been officially named as the receiving stations for the club here. They are with their "wireless address," the name of the operator and the address as follows:

6AN R. D. Lohy, 1921 Irving avenue.
6BU S. Hudd.
6BV C. A. Adams, 1876 Twelfth st.
6JR Chris Elferle, 1850 Thirty-third avenue.
6JN B. Broner, 1284 Sixty-seventh street.
6VA B. F. McNamee, 2438 Stuart street, Berkeley.
6BG R. W. Carroll, 354 Perry street.
A final "wireless" or broadcast message will be sent out on the air tonight by the Oakland stations requesting all amateurs in Solano, Contra Costa and Santa Clara counties who can participate in the test on Tuesday night to answer at once in order that their stations can be listed as transmitting stations.

Stations in Sacramento, Vallejo, Stockton, Concord, Stanford University, Los Gatos, San Jose, Sunnyvale, Burlingame, Santa Cruz and Lodi have already announced their intention of participating. Any station in the three foreign counties not in a town already signed may answer the "QST" tonight and participate.

how they are back of the plans for the campaign to make a bigger and better Oakland.

A record attendance at the luncheon was had as a result of the sending of invitations to the 2500 members of the Chamber of Commerce. John W. Phillips was chairman of the meeting.

Tamalcraft Club to Give Russian Drama

BERKELEY, April 15.—Russian drama, translated by a Russian and played by a Russian, will be the feature of a special meeting of the Tamalcraft club, which is to be held at Tamalcraft House, 2740 College avenue, on Saturday evening. The drama is a one-act comedy by Tchekoff. The translation is by Anton Buyko. Mrs. Anton Buyko, wife of the translator and a former comedienne on the Russian stage, will play the principal role. She will be assisted by Beverly Robinson, a student of Russian affairs, and Reginald Saunders.

3000 Students At U. C. Smoker Rally

BERKELEY, April 15.—Three thousand students attended the annual "smoker rally" held in Harmon Gymnasium at the University of California last night. Free cigarettes and pipe tobacco were distributed, and the collections heard speeches by Walter Christie, coach, and W. H. Henry, first track captain at the university.

Christie introduced the men on the track team which will contest with Stanford tomorrow. Music was furnished by student orchestras.

'TWELFTH NIGHT' TO BE PRESENTED WITH GOOD CAST

Mrs. Ida Leuschner Is Among
Talent for Greek Theater
Production.

BERKELEY, April 15.—With Mrs. Ida Leuschner, well known society hostess, among the talent for the production of "Twelfth Night" at the Greek Theater, the production of the play will be given an artistic production to-morrow evening.

Mrs. Leuschner was a member of last year's cast of "Twelfth Night" and has achieved a reputation for her histrionic ability. Tomorrow night's production, given under the auspices of the Greek Theater management at the university, will be replete with novel features. One of them will be the series of songs with which Shakespeare interspersed the action of the play as coming from "Feste," the clown, portrayed by Baldwin McGaw. Special music for the production has been composed by Professor E. G. Stricklen, and will be played by an orchestra of string and reed instruments. The songs will be sung by McGaw.

The cast for "Twelfth Night" is as follows: Orsino, Duke of Illyria, Irving Pichel; Curio, Joseph Carson; Valentine, Edward Hogan; Viola, Viollette Wilton; Captain, Charles C. Gilman; Sir Toby Belch, Lloyd Corrigan; Maria, Mrs. A. O. Leuschner; Sir Andrew Ague-cheek, W. L. Robertson; a clown (Feste), Baldwin McGaw; and a number of musical intelligentsia have been composed by Professor E. G. Stricklen, and will be played by an orchestra of string and reed instruments. The songs will be sung by McGaw.

The cast for "Twelfth Night" is as follows: Orsino, Duke of Illyria, Irving Pichel; Curio, Joseph Carson; Valentine, Edward Hogan; Viola, Viollette Wilton; Captain, Charles C. The songs will be sung by McGaw.

CHINESE COOKS NO LONGER RULE IN FRAT HOUSES

BERKELEY, April 15.—Chinese cooks are fast disappearing from the fraternity houses of the University of California and colored ones are taking their places. For many years the Go family was known to hold control of the kitchens of a large majority of the college chapter houses, but during the present semester they have been supplanted from sight.

Students are at a loss to explain the change in the complexion of the kitchen forces.

U. C. SUMMER SCHOOL TO BAR JAZZ

BERKELEY, April 15.—No "jazz one-step" or tiddle will entertain the school teachers who gather at the University of California summer school this year, but the good old-fashioned Dan Tucker and Virginia reel will be the only dances allowed, with an occasional waltz to liven up the parties.

Such is the decision of the office of Miss Lucy Stebbins, the dean of women at the university, for in past years the teachers who have come from states of the middle west have not taken any interest in the inter-session social affairs because they did not like the "new fangled" dances.

So jazz music and the syncopated orchestra will be toned down and changed to a slow swinging two-step.

Leisure Talks on
Governing Problems

BERKELEY, April 15.—Albert Leasure, candidate for mayor, addressed a neighborhood gathering last night at the home of David P. Gable, 1712 Walnut street.

The American people today," said Leasure, "are confronted with two great problems which concern city governments as well as national governments. The first of these is the complicated economic situation, of which the high cost of living is the most pronounced symptom."

"The second is the poverty of the American people today," said Leasure.

Leasure's talk was well received by the audience.

of a dreamy waltz, in order that the teachers may enjoy their dancing in California. Whether the college students who attend the summer school will also be expected to attend the inter-session social affairs, and where the dean's office plans to find an orchestra that can play the type of dance music needed, are questions which have not been solved.

Infatuation for New

Leads to Divorce

LOS ANGELES, April 15.—A young
wife's strange infatuation for Harry
New, convicted slayer and reputed
son of Senator New of Indiana, fig-
ures in the divorce suit of Frank
Port against Rose Port, on hearing
here today. The Ports were happy
the husband testified, until young
New's crime—the killing of his sweet-
heart, Freda Lesser, came into the
limelight a few years ago.
"My wife haunted the courtroom
where New was on trial," Port said.
"Many times she visited New in jail
and once she gave him her photo-
graph. She took candy to him."
"But to cap the climax, Rose, blind
to everything else, sold the furniture
I had worked so hard to buy so she
could accompany New to San Quentin
after his conviction."
Mrs. Port is contesting the suit,
charging cruelty. She says she was
interested in the New case and not in
New.

WONDERFUL WAY TO GUARD AGAINST FAILURE AND WANT!

How Do They Do It. It's Easy Enough To Talk About
It But The Thing Is—To Do It

uch are you making? Yes, it
three dollars and fifty
ay? Or is it five dollars,
seven dollars, ten dollars
YOU are you making
it? Or do you continually
- without doing anything to
- more? But maybe this isn't
- Maybe you don't know
- ABOUT making it more
- are that way. Millions of them
- and they're not to blame.
- to do more, you can't do more
- NEW HOW—right down in their
- are willing enough. They're just
- and ambitious, and thrifty, and
- don't seem to understand the knack
- more wages.
- in you know it can be done—you
- YOU can do it during the fact
- us are doing it. Did you ever stop
- that? What right have you to be
- you can't do what OTHERS can
- right have you to continually belit-
- ability in your own mind? Maybe
- doing this for years, unconsciously
- little you've been the culprit
- to do more, you can't do more
- earned these many years. It's
- fellow pitifuler for himself, day
- whole thing depends upon a few
- RGY. His energy of mind and body,
- energy is the secret of it all. You
- fact that desire makes you
- earn ordinary wages per day or
- or ten times that amount per day.
- "Energy," you say? What is the
- it? You know that the word
- have often heard it mentioned,
- explained by high-sounding talk,
- not even now maybe you haven't
- what "Energy" really consists of

(Left to right), PRESIDENT BILLY McCARTHY of the Pacific Coast League; ALFIE PUTNAM, Seal secretary; DR. C. H. STRUB, Seal president; J. CAL EWING, president of the Oaks; MAYOR JOHN L. DAVIE, MIKE FISHER, CHARLIE GRAHAM, manager of the Seals; DEL HOWARD, superintendent of the Oaks, and FRANK WOODWARD, who had charge of the opening day festivities. (Lower), BESSIE BARRISCALE presenting Mayor Davie with the ball he pitched to open the season here.

Water District Urged

by Mayor Bartlett

BERKELEY, April 15.—The city
of Berkeley has added to its beauti-
fication features more than 100 per
cent the last few years in the ac-
quisition of 25 acres of parks, ac-
cording to a report of Mayor Louis
Bartlett. The city now has 61 acres
of parks. In speaking last night at
the home of Mr. and Mrs. Charles
Ruggles, 1625 Jaynes street, Bartlett
said:
"By organizing a water district of
the Eastbay cities and going either
to the Hetch Hetchy valley with San
Francisco or to the Eel river, we can
obtain plenty of water and the
great task of the city administra-
tion for the next two years will be
to go after water and power."
Mayor Bartlett spoke this after-
noon at the home of Mrs. Curtis D.
Wright, 2127 Kittredge street, and
this evening speaks at the Claremont
Improvement Club, 41 El Camino Real.
Mayor Louis Bartlett today in-
formed the city council that he has
received a book of financial statistics
from the National Bureau of Census
showing that Berkeley had a lower
tax rate than the average city in
the United States of a population be-
tween 50,000 and 100,000.

Burned Library to

Reopen Reading Room

The Twenty-third Avenue Branch
Library study room will be open
every afternoon from 1 to 4 as a
reading room, beginning Monday,
April 18, and continuing throughout
the period of reconstruction after
the recent fire and flood. There will
also be a limited circulation of books
and magazines.

School Gives Music

Concert by Wireless

The big annual festival track meet
of the students of the Garfield
school, Twenty-third avenue and
Foothill boulevard, was held today
featured by a wireless music concert
from San Francisco conducted by
means of a wireless outfit set up by
the radio amateurs of the school.
Besides an athletic track meet be-
tween the classes of the school a
spring carnival was staged by the
students. The wireless music con-
cert between 2:15 and 3 p. m. was
largely attended by parents and res-
idents of the neighborhood.

\$35 Worth Clothes

Stolen From Wagon

Clothing valued at \$355 was stolen
this morning from a United Parcel
Company delivery wagon. The
clothes were to have been delivered
to various owners. The theft was re-
ported by George W. Case, one of
the officials of the company. The
articles taken were one gent's suit
of clothes, \$60; one black satin cape,
\$175, and a brown silk bolivia coat,
\$70.

Hurley's Labor Bill

Passed in Assembly

SACRAMENTO, April 15.—The
Assembly today passed Hurley's bill
providing penalties for persons who
get into, or hire men to get into labor
unions merely to acquire informa-
tion or stir up strife. White attempt-
ed to amend the bill to make it un-
lawful for unions to send men into
open shops or trade societies for
similar purposes, but the amend-
ments were defeated.

SCABBIES BAN RAISED
FORT WORTH, Tex. April 15.—

leased from sheep scabber quaran-
tine today by the United States De-
partment of Agriculture. It was an-
nounced its quarantine on March 1.

French Envoy Pays

Roosevelt Tribute

NEW YORK, April 15.—The grave
of Theodore Roosevelt at Oyster Bay
was visited by Rene Viviani, special
envoy from France, in company with
Ambassador and Mme. Jusserand
and Stephanie Lauzanne, editor of
Le Matin.
The party stood with bowed heads
while M. Viviani placed a large
wreath on the grave. Then Mme.
Jusserand knelt and the visitors
offered a silent prayer.

SHE WAS AFRAID TO GO

OUT ON STREETS ALONE

San Francisco Woman,
After Being Virtually
Confined To Home For
Three Years, Now Feels
Fine and Goes Anywhere
She Wants Since Taking
Tanlac.

"Tanlac has restored my health
so perfectly I have been able to get
out of the house more during the
past week than I have before in
three years and I just can't tell how
happy I am," declared Mrs. Annie
Odell of 423 Linden Ave., San
Francisco, recently.
"No one knows how I suffered and
all that time I was simply afraid to
go out alone, for I was subject to
such sudden spells of dizziness I
would fall right in my tracks. I
couldn't even go to the nearest
grocery store. My stomach was
badly disordered and my kidneys
worried me a lot and I had awful
pains across my back. I felt

Two "Studio" Guests

Appear for Hearing

SAN FRANCISCO, April 15.—John
D. Young and Joseph Koosistari,
each 57 years old and gray-haired,
appeared before Superior Judge
Frank J. Murasky today on charges
of having contributed to the delin-
quency of three girls, as the result
of a raid Wednesday night on a so-
called "studio" at 718 Golden Gate
avenue.
The girls are being held as wit-
nesses against the men and tempo-
rarily are in the custody of the
juvenile home authorities.
According to the police, a founda-
tion for prosecution of the men has
been laid by the stories of the girls
and photographs and other evidence
said to have been found in the "stu-
dio." Detectives are searching for
three other men who are said to
have participated in the unusual
revels which are reported to have
been held in the "studio" for many
months and which led to the filing
of complaints by neighbors with a
resultant investigation by the police.

Suspects Arrested on

Scene of Robbery

SAN FRANCISCO, April 15.—This
was the lucky day of Patrolmen R.
Tobin and Charles Keesing of the
southern station. A telephone call
from an excited citizen told of the
robbery of a man in a vacant lot on
Tehama street, near Fourth. The of-
ficers sped to the scene in the police
patrol and were in time to capture
three men engaged in dividing the
slim spoils their victim had yielded
up.
Edward Fields of 758 Harrison
street was passing the corner when
he was pulled into the lot and
knocked down. The robbers took
four 50 cent pieces and were reported
endeavoring to divide the \$2 into
three equal parts when the officers
caught them. The suspects gave the
names of Thomas Pense, James Ward
and John Redman, and were booked
for robbery.

FEDERAL FUNDS FOR HARBOR AT RICHMOND READY

\$100,000 Made Available for
Work; City to Sell a Like
Amount of Bonds.

RICHMOND, April 15.—Harbor
Manager J. H. Misner is in San
Francisco attending a conference
with Colonel H. F. Deaklyne, engineer in
charge of rivers and harbors work
in this district, following receipt yes-
terday of a telegram from Congress-
man Charles C. Currier stating that
\$100,000 has been allotted by the war
department for harbor work here this
year. Misner will obtain an outline
of the government plans and the next
steps to be taken by the city, and will
report to the city council on Monday
night. Every effort will be made to
have the work of dredging start as
soon as possible. The city will im-
mediately sell \$100,000 worth of the
\$400,000 harbor bond issue, making
a total of \$200,000 for the work this
year. It is expected. This will provide
a channel sufficient to handle all
shipping which may seek docking fa-
cilities here during the ensuing year.
The channel of the inner harbor is to
be dredged to a mean depth of 24
feet and of sufficient width to permit
large ships to dock here. Training
walls will also be constructed to
guard the channel. The city has al-
ready let contracts for the founda-
tion of a new warehouse and the mu-
nicipal dock which will nearly double
the capacity for storage and handling
of cargo there, and work will start
at once.
The allotment of \$100,000 for
harbor work by the government fol-
lowed the receipt in Washington of
estimates and recommendations for
this amount from Colonel Deaklyne,
upon the request of Congressman
Currier and the army engineering staff
at Washington. The harbor data has
been prepared and supplied by the
Richmond industrial commission and
the harbor manager here.
The telegram telling of the allot-
ment was received yesterday by Sec-
retary H. W. Wernse of the Rich-
mond industrial commission.

Status of Pershing

Will Be Announced

WASHINGTON, April 15.—Presi-
dent Harding, Secretary Weeks and
General Pershing have reached an
agreement on the future status of
the former commander of the A. E.
F. in the military establishment. An
announcement by Secretary Weeks is
expected within a few days. Mean-
while, the matter is being held as an
official secret.

Divorced Wife Settles

Claim Against Estate

KANSAS CITY, April 15.—Mrs.
Mabelle Glynn has accepted \$60,000
in settlement of her claim against
the estate of A. M. Glynn, millionaire
lumberman, it was announced in
the Federal court here today, where
a suit brought by Mrs. Glynn asking
a share in the estate was being heard.
Mrs. Glynn was divorced by A. M.
Glynn in California two and a half
years ago, but he died before the
divorce was entered. She asked a
widow's share in his estate.

Callahan and Davis

Will Appeal Case

SACRAMENTO, April 15.—At-
torneys in the case of Gerald Calla-
han and George Dewey Davis, who
are seeking release from the Shasta
county jail at Redding, through
habeas corpus proceedings were in-
structed to submit their pleadings on
briefs in the third district court of
appeals.
Callahan and Davis are under ar-
rest for perjury in connection with
the case of William Norris, who killed
City Marshal Rieves of Redding.
The briefs must be submitted within
15 days.

PLEA IS MADE TO COUNCIL TO BUY TRESTLE GLEN

Fred Reed Urges That City
Secure Strip 400 Feet Wide
by Condemnation.

Plea that the city council take im-
mediate steps to save the remaining
portion of Trestle Glen to the people
for a park before Walter Leimert
builds upon it, was made today by
Fred E. Reed, representing several
civil organizations.
Reed pleaded that the city acquire
the land by condemnation, as it can
get a strip 400 feet wide through the
glen, taking in the old oaks and up
to the car line at Park boulevard.
He estimated the price for the 31
acres at \$2500 per acre.
City Engineer Mattis asserted that
the Park Board's estimate was \$4000
per acre and not \$2500.
Protests were received by residents
against any more carnivals on any
lots between Nineteenth and Will-
iams streets. The matter was re-
ferred to Commissioner Morse.
Commissioner Edwards notified
the West Piedmont Improvement
Club that steps are being taken to
install their desired sidewalk on
Linda avenue.

MARY GARDEN DISPLAYS ART AT PERFORMANCE

Star-Manager Appears to Big Advantage in Love of "Three Kings."

By LAURA BRIDE POWERS.
Mary Garden, artist, attained the ultimate last night in her part of Florence in Montezuma's modern "Amore Del Tre Re." So consummate was her art so powerful her personality—that she swept away the physical barriers of her material environment, sent our blood racing through our veins, and for the first time since Monday night—why not Frank about it?—brought the old-time San Francisco response from every corner of the vast pavilion.

With us out here on the western rim of the world, where God has made the blood-warming, Latin response that has made the San Francisco Bay Terran the Nirvana of artists.

And in Florence, the superb creature who mounted the ramparts of the Italian fortress in a robe of flame-orange against a turquoise sky, created a mural that Puvion de Chavannes would have gloried in—or our own Arthur Matthews—were we not so much in the land of the living as in the land of the dead.

And in the triumph she shared generously with Virgilio Lazzari as Archibaldo—a king in gesture and bearing—the finished Baklanoff as Manfred, and William Johnson as Arde, the lover who lost to win. And, of course, she shared with Giorgio Polacco, the leader who reads his score with a warmth of temperament that brings him close to the heart of San Francisco. It is an interesting bit of dramatic—the entry of Polacco after all his men are seated and on their toes to strike their first note, of course, he gets a warm hand—and none deserves it more. But were not the grasses a bit blatant last night in the first act, when Lazzari was declaring his adoration of Polacco's reputation, it is true, has been built upon his artistic subjugation of instruments to the voice, but it seemed last night for some that Archibaldo was engaged in rather an uneven contest. But this impression may have been due to the eccentric acoustics of the Auditorium. For many we will agree that Polacco, having been refitted for its adaptation to opera, it is not in the cards to meet conditions for which it is structurally opposed. However, since it is all the power of his voice that he has gone to the uttermost limit in making the best of it, it is unphilosophic to grouch about it, isn't it?

GARDEN IS FIT.
But to understand the heights to which Mary Garden ascended in moving three thousand and more men and women to ecstasy, we must first get into the mind the physical difficulties she was forced to surmount.

In what passes for a foyer—O, for the foyer of other days or for that matter yet to come—she was engaged in a waged fast and furious as to whether her Carmen or her Flore was the better art?

It is futile to deny that there were many perspicacious and discriminating opera fans who were left cold with her Carmen, maintaining that the Gypsy role was not adapted to a personality that created the most powerful of impressions, Louise and that makes Flore one of the operatic visualizations of the century. And frankly I am one of them. But why persist in comparisons? They are always odious, as Mme. Malaprop would put it. Is it not enough that she gave us a Gardenian interpretation of the Gypsy role, which is in itself interesting? Nor should we forget that the woman is after all only a woman and human.

"What of her voice?"
The question is on the tongue of every music lover.

GARDEN VOICE.
To the bel cantos, her tones are under fire, particularly her middle register. But even these classical connoisseurs her artistic impression, and her Bernhardtian dramatic fire.

In the struggle between her conscience and her love—the battle that men and women have fought ever since the world was made—into itself—it seemed the artist had reached her highest note. Could she go higher, and not fall into the pit of melodramatics?

Up and up she climbed, her superb body expressing, even if she had uttered no sound, the emotions that were tearing her soul, and then—in the tenacity of her feeling—she broke into speech. That was her outburst, and her salvation, so human it was.

And then the house broke loose. "Aren't you glad you are here?" we were saying to her.

As to the scenic effects, the same perfection of detail that will make the Chicago company's touring among us a living Epoch of Art—even as the Corvelli aggregation in the days of precious memory was evident in "The Love of Three Kings" as in Othello and Carmen, only simpler, as befits the modernist music and the theory of construction.

SCENE PRAISED.
Just a word about that unforgettable scene when Archibaldo, having

Billion Spent Yearly for Public Health, Is Report

Progress of Social Medicine Is Told At Banquet by Dr. Lapp.

"Industrial Medicine" was the subject of an address last night by Dr. John A. Lapp of Chicago, managing editor of "Modern Medicine," a physicians' journal, to scores of physicians and other guests who attended a banquet under the auspices of the Public Health Center of Oakland.

The speaker paid a tribute to the progressive tendencies of the west as compared with the more conservative east, declaring that he was making his first trip to California in the hope of renewing his batteries of optimism and that already they were being rapidly recharged.

"Social medicine has reached large proportions in this country," declared the speaker. "While some have been debating the principles involved, it has been put into practice widely. A conservative estimate would place the annual expenditure above a billion dollars in this country. We see it in the form of maternity care, child welfare, school hygiene, public medicine, public health, and institutional care. We see now a vast new expansion of the idea in industrial medicine."

SANITARY ENGINEERS.
"The amount which was spent for the health of workers 20 years ago was about negligible," Dr. Lapp continued. "The physical plant was not built to preserve health. Doctors and nurses were not employed. Today we have vast expenditures for better sanitary facilities, and we find the beginnings of a real regard for the health of workers. There are over 3000 physicians giving a part or all of their time to

New Auto Plant Expected To Locate Near Melrose

Definite announcement regarding the location of the Pacific Coast plant of the Durant Motors Corporation, here, is expected to be disclosed within a few days, when R. C. Durant, who has been seen in the interior of the plant, is expected to return to Oakland, it was announced today.

This announcement was made by the new industries committee of the Oakland Chamber of Commerce. This committee considers the plant practically closed, marking the successful end of negotiations carried on since the Durants, early in January, made public their determination to build a new automobile plant.

OAKLAND IN LINE.
That Oakland will be selected is considered certain by the new industries committee, principally because of the Durants' interest in this city and its progress. Another strong factor is the situation of the city. The Durant engineers have figured that the saving in freight rates will be an important item, some estimates running as high as \$100,000 a year on car shipments from this point over other cities to the north or south.

According to the information received at the Chamber of Commerce, the claims of Los Angeles, Portland, Seattle and South San Francisco were presented by the cities and were given careful consideration, but the final analysis the local capitalist and his father, W. C. Durant, summed the matter up in the words of the poet:

"We must put the plant in Oakland because of the reputation Oakland has built up. Oakland is the place."

In this decision, R. C. Durant is understood to have been greatly influenced by his business and social acquaintances here and because of

U. S. Gets First Berlin Gold Since Late War
NEW YORK, April 15.—Nearly \$5,000,000 in German gold coin, the first such shipment since the war, was received here on the steamer Stockholm from Gothenburg, consigned to Kuhn, Loeb & Co., bankers.

The gold, mostly in marks, came from Swedish banknotes, which had been hoarded here through payments for goods sent into Germany over a period of years.

WATER COMPANY WINS.
SAN FRANCISCO, April 15.—Action of the San Francisco Superior Court in refusing to allow a hearing of a petition by the Tuolumne Water Company that it be allowed to drain 20 cubic feet of water a second from Buena Vista Slough in Kern county was reversed today by the District Court of Appeals.

The lower court had denied the company any right to the water. The slough leads from the Kern river.

DR. JOHN A. LAPP.

BY INTERNATIONAL NEWS SERVICE.
LEAFY WIRE TO TRIBUNE.

WASHINGTON, April 15.—The American people must understand that the Russian government, today gave the following statement:

"I have been asked by the Americans for an expression of opinion regarding Russian trade relations. The best answer at present is that from April 20, 1920, to date, 37 Russian vessels have brought goods to Russia and more are en route; 150 from Germany and 142 from Sweden, others from Holland, Denmark and Finland."

"All goods have been paid for in Russian gold, which eventually finds its way into the Bank of America for four weeks."

McHugh Is Rumored Stillman's Successor
NEW YORK, April 15.—John McHugh, vice-president of the Mechanics' and Metals' National Bank, is being considered as a possible successor to James A. Stillman, president of the National City Bank, the New York Times says.

Some of the National City directors, the newspaper says, confirm the report. Stillman recently tendered his resignation as president of the National City Bank, but it was refused.

The proposal to consolidate the National City Bank and the Mechanics' and Metals' National Bank, under consideration some time ago, also is reported as having been revived. Stillman recently was designated Gates W. McGarrah, president of the Mechanics' and Metals' National Bank, probably would become chairman of the board of directors.

The National City Bank directors declined to discuss the possibility of the proposed merger, which would make a bank of \$1,500,000,000 resources.

Rawhide Mine Will Open Once More
STOCKTON, April 15.—The one-half mile Rawhide mine near Jamestown, Tuolumne county, producer of \$7,000,000, has been taken over by Oakland capital and will be reopened. It is announced that the mine, in the Jackson district, American county, has also been taken over by a new company. This mine has lain idle for 35 years. The Rawhide has been inactive for many years itself. Agreements call for immediate work on both properties.

MORE CUBAN SUGAR AID.
NEW YORK, April 15.—Extension of a six-months' open credit to the Sugar Financing and Export Company of Cuba, under which the company is to be secured by sugar stored in independent warehouses in Cuba or in process of exportation, is announced by a banking syndicate, headed by the Guaranty Trust Company, the National City Bank and the Royal Bank of Canada. The principal amount of the drafts at any one time outstanding is to aggregate in excess of \$20,000,000.

CHOICE NARROWS.
The Durants and their local representatives, A. L. Warrington and C. N. Steves, have made a thorough investigation of a large number of sites but the choice finally narrowed down to six. These are situated in the section east of Alameda. The final decision undoubtedly will fall in that section, as the Durants desire to take advantage of the advertising value of the motor roads on Fourteenth street and the foothill boulevard.

It is planned to make the local Durant factory one of the biggest automobile plants in the country. As an indication of the scope of the Durant plant it is pointed out that they have paid \$2,500,000 for a factory on Long Island for the manufacture of the new motor.

1000 MEN TO BE EMPLOYED.
The site for the Pacific Coast plant will consist of not less than twenty-five acres. Plans as now drafted call for the first unit to cover a space of 300,000 feet. About 1000 men will be employed.

Aside from the sentimental reasons advanced by R. C. Durant for locating the factory in the old business played an important part. In addition to a 60 per cent saving in freight rates the Durant engineers also figured that Oakland had a big advantage in labor supply and efficiency and in production efficiency due to climatic conditions.

In the investigations of sites the modern method of taking airplane photographs of the land was followed. These, showing the topography as well as the contiguity to rail and water shipping and the motor roads, were submitted to R. C. and W. C. Durant and are said to have played a large part in bringing about a decision.

In the negotiations the New Industries Committee was assisted by a number of local bankers, who were called into the deal early and have been constantly in touch with the situation.

Congress Asked for Exhibit At Peru Fair
WASHINGTON, April 15.—President Harding has asked Congress for authority to facilitate participation by the United States in the centennial celebration of the independence of Peru, to take place in Lima in July.

MEXICO HOLDS UP PERMITS.
MEXICO CITY, April 15.—Permits for the exploration and exploitation of petroleum in Mexico will be withheld by the Department of Commerce and Industry until article 27 of the constitution is given official interpretation. It was declared by Rafael Zubizaran Capmany, head of that department, last night. He added that contracts made prior to the adoption of the new law would not be respected.

Extensive concessions granted Jose y Limantour, secretary of the treasury during the administration of Porfirio Diaz, have been nullified and plans have been completed for their return to the government. It was officially announced last night.

In 1776 floating docks were introduced, and two years later Lombe originated silk throwing mills.

RUSSIAN TRADE OPENS, DECLARES W. D. VANDERLIP

Representation of Coast Bank Syndicate Gives Views in Moscow.

BY INTERNATIONAL NEWS SERVICE.
LEAFY WIRE TO TRIBUNE.
MOSCOW, April 15.—Washington D. Vanderlip head of the syndicate of American people's bank managers, that obtained important concessions from the Soviet government, today gave the following statement:

"I have been asked by the Americans for an expression of opinion regarding Russian trade relations. The best answer at present is that from April 20, 1920, to date, 37 Russian vessels have brought goods to Russia and more are en route; 150 from Germany and 142 from Sweden, others from Holland, Denmark and Finland."

"All goods have been paid for in Russian gold, which eventually finds its way into the Bank of America for four weeks."

McHugh Is Rumored Stillman's Successor
NEW YORK, April 15.—John McHugh, vice-president of the Mechanics' and Metals' National Bank, is being considered as a possible successor to James A. Stillman, president of the National City Bank, the New York Times says.

Some of the National City directors, the newspaper says, confirm the report. Stillman recently tendered his resignation as president of the National City Bank, but it was refused.

The proposal to consolidate the National City Bank and the Mechanics' and Metals' National Bank, under consideration some time ago, also is reported as having been revived. Stillman recently was designated Gates W. McGarrah, president of the Mechanics' and Metals' National Bank, probably would become chairman of the board of directors.

The National City Bank directors declined to discuss the possibility of the proposed merger, which would make a bank of \$1,500,000,000 resources.

Rawhide Mine Will Open Once More
STOCKTON, April 15.—The one-half mile Rawhide mine near Jamestown, Tuolumne county, producer of \$7,000,000, has been taken over by Oakland capital and will be reopened. It is announced that the mine, in the Jackson district, American county, has also been taken over by a new company. This mine has lain idle for 35 years. The Rawhide has been inactive for many years itself. Agreements call for immediate work on both properties.

MORE CUBAN SUGAR AID.
NEW YORK, April 15.—Extension of a six-months' open credit to the Sugar Financing and Export Company of Cuba, under which the company is to be secured by sugar stored in independent warehouses in Cuba or in process of exportation, is announced by a banking syndicate, headed by the Guaranty Trust Company, the National City Bank and the Royal Bank of Canada. The principal amount of the drafts at any one time outstanding is to aggregate in excess of \$20,000,000.

CHOICE NARROWS.
The Durants and their local representatives, A. L. Warrington and C. N. Steves, have made a thorough investigation of a large number of sites but the choice finally narrowed down to six. These are situated in the section east of Alameda. The final decision undoubtedly will fall in that section, as the Durants desire to take advantage of the advertising value of the motor roads on Fourteenth street and the foothill boulevard.

It is planned to make the local Durant factory one of the biggest automobile plants in the country. As an indication of the scope of the Durant plant it is pointed out that they have paid \$2,500,000 for a factory on Long Island for the manufacture of the new motor.

1000 MEN TO BE EMPLOYED.
The site for the Pacific Coast plant will consist of not less than twenty-five acres. Plans as now drafted call for the first unit to cover a space of 300,000 feet. About 1000 men will be employed.

Aside from the sentimental reasons advanced by R. C. Durant for locating the factory in the old business played an important part. In addition to a 60 per cent saving in freight rates the Durant engineers also figured that Oakland had a big advantage in labor supply and efficiency and in production efficiency due to climatic conditions.

In the investigations of sites the modern method of taking airplane photographs of the land was followed. These, showing the topography as well as the contiguity to rail and water shipping and the motor roads, were submitted to R. C. and W. C. Durant and are said to have played a large part in bringing about a decision.

In the negotiations the New Industries Committee was assisted by a number of local bankers, who were called into the deal early and have been constantly in touch with the situation.

Congress Asked for Exhibit At Peru Fair
WASHINGTON, April 15.—President Harding has asked Congress for authority to facilitate participation by the United States in the centennial celebration of the independence of Peru, to take place in Lima in July.

MEXICO HOLDS UP PERMITS.
MEXICO CITY, April 15.—Permits for the exploration and exploitation of petroleum in Mexico will be withheld by the Department of Commerce and Industry until article 27 of the constitution is given official interpretation. It was declared by Rafael Zubizaran Capmany, head of that department, last night. He added that contracts made prior to the adoption of the new law would not be respected.

Extensive concessions granted Jose y Limantour, secretary of the treasury during the administration of Porfirio Diaz, have been nullified and plans have been completed for their return to the government. It was officially announced last night.

In 1776 floating docks were introduced, and two years later Lombe originated silk throwing mills.

TAXPAYERS ASK DISINCORPORATION OF WALNUT CREEK

Heavy Expense of Paving the Streets Believed Behind Strong Movement.

WALNUT CREEK, April 15.—At this week's meeting of the town trustees a movement was launched for the disincorporation of Walnut Creek. A petition, signed by many heavyweight taxpayers was presented to the board and it precipitated a discussion that revealed that a large percentage of those present were in favor of disincorporation.

The petition was referred to the city clerk for certification of signatures and the matter will be held in abeyance until this is done.

Apparently the desire to disincorporate has come out of the efforts of the trustees to pave Walnut Creek's streets. The trustees, once closed, tentatively, a contract for the work. The price was to be approximately \$30,000. Analysis of the situation decided to join the Pacific county road project, which would involve upon a very few persons and opposition which the trustees could not ignore was the result. The project, in its present shape, was abandoned and the trustees now are casting about for other and more satisfactory means to bring about this very much needed improvement.

California May Join the Fleet During Summer
VALLEJO, April 15.—That every effort is to be made to have the battleship California join the Pacific fleet early this summer is the announcement made at the navy yard. The yard riggers installed three more guns on the ship today and the last of the 14-inch rifles will be hoisted into place next week. The California when she joins the fleet will be one of the most powerful battleships afloat, as she includes many of the features incorporated in the Montana class.

Diplomat Is Called to Report on Mexico
MEXICO CITY, April 15.—George T. Sumner, the American charge d'affaires, left here for Washington on a call by the State Department for a conference on Mexican affairs. Prior to his departure Sumner held an extended conference with President Obregon. He said, however, that he was not carrying a special message from the Mexican President to President Harding, nor would he be prepared to recommend immediate recognition of Mexico by the United States, if his opinion was asked on the subject by the State Department.

Newman Passes the Little Volstead Act
NEWMAN, April 15.—A "Little Volstead act" has been passed by the city trustees, opening 30 days hence the champagne lid down tight, and thirsty mortals will be obliged to confine themselves to soda water.

WHIST PARTY TONIGHT.
A whist party will be held tonight at St. Joseph's hall, Seventh and Chestnut streets, by the St. Joseph's chess team.

We'll Help You Furnish

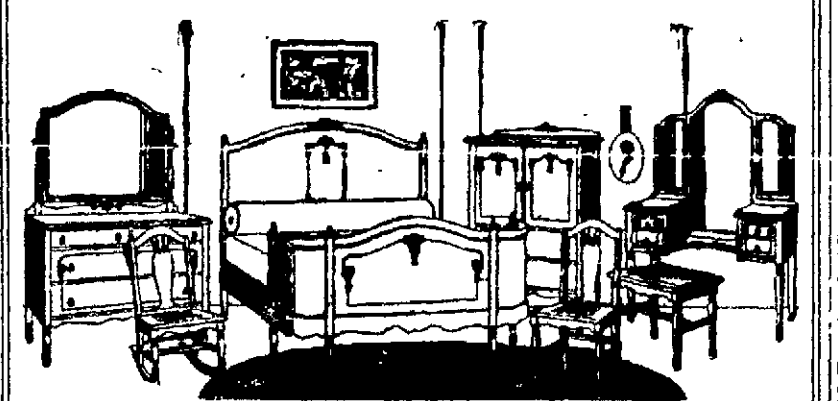

either one room, or a home. Our present low prices provide unusual bargains for you. And, in addition, we will extend liberal credit with small monthly payments.

CHERRY'S Credit Terms are different. They are not fixed according to the price of the article, but are arranged to suit your convenience.

YOU CAN get a bed-spring, and mattress absolutely free of charge this month.

WE PROPOSE to give away a first class bed-spring and mattress with every four piece bedroom suite sold during the month of April. This means any complete bedroom suite in our stock—no reservations!

The spring is a Simmons' or Leggett, whichever you prefer. The mattress is a fine quality 35-lb. pure floss with fancy ticking. Both are out of our stock, not inferior goods bought for the occasion. This means a big saving in the cost of that new bedroom furniture.

Four pieces \$500—complete—Mahogany or American Walnut

Other Suites in all Finishes
\$165.00 to \$600.00

Did you ever consider freshening a room with new furnishings? We will make a liberal allowance on your old furniture, toward some new pieces. Think it over.

Water Supply Declining, Valley Farmers Warned

SAN JOSE, April 15.—Four years ago the average consumption of water in the Santa Clara valley began to exceed the average replenishment, producing a permanent decline, which would continue with disastrous results to horticultural and agricultural development unless something were done to prevent a tremendous winter run-off, declared three prominent engineers in a letter before the membership forum of the San Jose chamber of commerce today.

The engineers, who were Fred H. Thibault, Stephen M. Kieffer and Dr. Samuel I. Boutwell, in a report to the Santa Clara county water conservation committee, stated that the water supply in the valley had declined to such an extent that the annual rainfall could be expected to produce a surplus of water only once in every five years. They pointed out that the water supply in the valley had declined to such an extent that the annual rainfall could be expected to produce a surplus of water only once in every five years.

They pointed out that the water supply in the valley had declined to such an extent that the annual rainfall could be expected to produce a surplus of water only once in every five years.

They pointed out that the water supply in the valley had declined to such an extent that the annual rainfall could be expected to produce a surplus of water only once in every five years.

"Measurements show almost direct connection between creek bed gravel strata and the wells of the valley. During the past four or five years, these wells have dropped on an average of from four to five feet on the West Side. They will continue to drop from five to seven feet a year if no steps are taken to prevent this difficulty, until the time will come when pumping the water to the surface will be impracticable."

Kieffer said that the total water supply involved in the valley project amounted to 25 square miles, including 25 square miles of water rights. He pointed out that the water supply in the valley had declined to such an extent that the annual rainfall could be expected to produce a surplus of water only once in every five years.

The Shock J. C. Breckinridge Received in His Great Triumph

He Savagely Interrupted Breckinridge Several Times

When those who like to talk of history and the great leaders of history foregather the name of John C. Breckinridge is sure to come up. There is present a person from Kentucky. It is said that Breckinridge was without a peer as a stump speaker in that state.

Those who never saw him and never heard him, it is declared, can form no conception of his wonderful magnetism. The few who still remember Breckinridge say that his charm lay as much in his look and his gestures as in his voice or what he said. They tell of mere glances over a crowd while he remained seated and silent, which drew wild cheers and a tumult that was difficult to still.

The times in which Breckinridge spoke at the height of his career were heated days indeed. They were those days when all the problems preceding, during and following the civil war were agitating the land. Every discussion was exciting, and the passions of disputants were excited to the utmost.

On one occasion Breckinridge seemed to surpass even himself. He seemed resolved to conquer all prejudice and to capture every auditor. The densely packed crowd soon noticed that he had accompanied us on our trip up the hill. He was not a man.

There was a tall, burly, hard-favored, sarcastic-looking chap who had posted himself well to the front. It soon became apparent to every one that he was not a Breckinridge man, but was very hostile to him. Before Breckinridge had opened his argument this man interrupted him half a dozen times in exceedingly offensive ways. The crowd grew indignant. One man—a Mr. Cohen—was almost inarticulate in his rage at the offender, and threatened to throw the noisy ruffian out of the crowd if he didn't keep quiet. Wild threats filled the air.

Breckinridge intervened. He stilled the popular fury, and begged that the man be allowed to remain, modestly announcing his belief that if he would listen he would be converted.

"You'll have a — of a time conversing with me," the man shouted back. From that moment Breckinridge directed his speech to this one man. He seemed to forget every one else and to devote all his efforts to converting this single hostile individual. Gradually the man's belligerent attitude changed. By degrees it yielded to the spell of the speaker. At one time he seemed distraught, turned and strove to make his way out of the crowd, but the noise of the speaker's voice, and at length began to stifle down his cheeks. Finally, bursting in sobs, he cried:

"By — Breckinridge! You can beat 'em all! I'm for you again the world!"

The effect was awe-inspiring. In a flash all opposition vanished. As with one voice the entire throng shouted: "We're for you, Breckinridge!"

On his way to another engagement that night, Breckinridge drove with Mr. Cohen in his carriage. Breckinridge was aglow with his triumph.

"I must have made a pretty good speech to have affected that fellow the way I did!" he exclaimed.

"What you did," Mr. Cohen said, "was to tell him the truth. You told him the people about here didn't know much about him, for he doesn't live in this district. Think I'll put him to work. So I called him to one side and asked him where he stood in this race. He said he hadn't decided, because neither side had yet showed him cash."

"I'll give you ten dollars to work for Breckinridge today," I said. He reflected for a moment, and then said:

Winning Black Folks and Things

THE LITTLE DOOR

Miss Billy East—no, that isn't her name, but it's something like that—had a quarrel with her sweetheart the other day, and she didn't want to live a minute longer with him. She went down to the dancing studio where she was employed as a teacher, started the couples dancing, and then, stepping into the middle of the floor, she raised a bottle of poison to her lips, drank it, and fell insensible to the floor.

She was taken to a hospital and treated. She will recover. Somehow people who take poison on or shoot themselves or jump off bridges usually do recover. I wonder why.

WHAT OF HIM?

But what I am interested in is the sweetheart of Miss Billy East. Was he at the dancing studio, once stepping or waiting with another girl?

And if he was, what did he do when his sweetheart drank the poison? And after she began to recover and sat up in bed, and sent for him—did he go to see her and tell her to hurry up and get well, so that they could be married and so right straight to housekeeping in the sweetest little flat in the world with all the furniture put in on the installment plan?

And did he vow to her that he would never, no, never, dance with anybody else again—not as long as he lived?

And did she marry him? I hope not. For the sake of Miss Billy East, and for the sake of her sweetheart, I sincerely hope—not.

A COWARD'S ANSWER

The girl who tries to commit suicide once and fails, is pretty apt to use that little argument every once in a while, whenever things do not go to suit her in this vale of tears.

I know a woman who has the attempted suicide habit, and her poor husband doesn't even dare whisper that the potatoes are not quite done, or mention a word about the monthly bill for her hair, or rise up and grab the carving knife and try to kill herself—right before his eyes!

Sometimes I've been tempted to ask him why he doesn't walk out and see what she will really do while he is gone.

What a goose a woman is to try to force a man to love her by threatening suicide! She may make him marry her that way, but what's the good of him after she gets him, if he doesn't care for her?

"I'm never desperate," said a woman whom I knew to be in very deep trouble. "There's always one thing to do when you're in a fix. I'll let me out of this life and all its troubles forever."

Ah! But where does that little door lead?

Life is a lesson—every minute of it, and when we have learned what there is set for us to learn, the schoolmaster will open the door and tell us it is time to go.

Cry Geraldine's

on SHOULDER

I'm grinning. As I type the following letter, hear a chorus of joyful acclamations arising from about a Million Mere Men in Oakland Town, to say nothing of the howls of delight from long suffering wives. For I have read and seen a letter from

Dear Geraldine—dear my heart aches. I have a friend. Also a good husband. Oh Geraldine, if honest, I would have been a husband with the trouble that ever sprung a dry gusher. And for why? For the sweetly simple reason that he told all he knew, and kept on telling it with childlike confidence that the rest of the gang would bow down and admire his honesty. Did they? Not so you'd notice it! They merely bowed down and took his \$10,000 away from him. And now he's calling

Now whenever she came to see me, my husband would take her home in the machine, or if he would take her home, and if he did not have his machine, would put her on the car, paying her carfare. In fact, he did all the little and the big things because she was my friend.

Well, pretty soon I heard it being passed around that she was telling people that my husband had a crush on her. Now I wouldn't have minded that so much, for I knew the truth. But every night she is at my home waiting for him to come home, and he never comes. My husband is disgusted with her actions and when he finds out that she is in the house, as he does by telephoning, he does not come home. He goes to a show instead, thus depriving me of my happy evening with him.

Geraldine, are there many women like that? Is it because some of them are spoiled that they are like that? Or is it because they have had so little real attention, poor things, that they bluff themselves into thinking that common sense never, no, never, comes to my friend, Geraldine, and many a time have I stopped my husband when he has ridiculed her for being "such a little simp" as he called her.

What would you advise me to do—have him go on being nice to her or pretend I am jealous? I'll do anything, for I do so long for my happy evenings that seem to be passed.

A KICKER.

A Common Variety

"Law-haw! Excuse me, darling, if I seem to smile. I don't know when I'll be able to stop smiling. I'm a giggler. ARE THERE MANY GIRLS LIKE THAT? I'LL SAY THERE ARE! And they aren't all girls! The married women, of many years standing, are still even than the girls."

No, I don't think you can blame it on early training or heart hunger. It seems to be just plain habit. I have heard of a lady who married the Marquis de Sade, and as it were, Everyone, young or old, honestly or prettily, receives compliments. Most people are able to size up those compliments for what they are worth. A goodly proportion are idle jaw wagging of course; another large proportion are graft, "leg pulling"; a large number ordinary kindnesses and only the tiniest number really with any rare personal tribute. People with common sense realize this—but the other kind lap up all these soothing words and swallow 'em whole. It seems to me that the case with your little friend, I wouldn't let her muddle my affairs long. Just manage to meet hubby outside for a few evenings, and plead outside intimacy and who does show up. She'll soon take the hint.

A Tricky Proposal

My dear Jerry: I am coming right to you with my love and worry. I am very much in love with a young man who I believe cares a whole lot for me, and says he will marry me, but I must first get him to leave his present place for himself that he can provide a good home and all the comforts of life for the woman he marries. Now, Jerry, I am very willing to wait, but I am not willing to marry him at once.

But while I am waiting, he wants me to indulge in one of those free love pacts. Do you think that is really fair? Jerry, my life I have looked forward to the time when I could marry and have some dear little kiddies all my own, and with this goal ahead of me, I have really struggled, and I have succeeded in staying decent so that no man could be ashamed to call me his wife. And I'm telling you, Jerry, as you probably know it, been a rather rocky road to Dublin.

And don't you think that if he truly loved me, he would marry me before suggesting anything like that?

And Jerry, it's just breaking my

Uncle Wiggly Stories

By HOWARD D. GARIS

"Oh, ho!" called out Nurse Jane Fuzzy Wuzzy one day, as she saw Uncle Wiggly in the yard behind the hollyhock garden, polishing his automobile with his brush. "See you are going to start riding, are you?"

"Yes, it is getting so nice and warm that I think I will spend a few days looking for adventures in my jumpy bus," answered the bunny. He called his auto, with the turning steering wheel, a "jumpy bus," just in fun you know.

"Well, I hope you have no bad luck, such as a punctured tire, a broken spring or anything like that," the muskrat lady housekeeper went on.

"Thank you," answered the bunny gentleman. "And I hope you have enough gasoline and oil, not only to take you to an adventure, but to bring you home again," Miss Fuzzy Wuzzy said.

"Thank you again," responded the bunny gentleman. "I shall have enough gasoline and oil, because I have just filled the tank. But one never knows what is going to happen to one's tires."

"Don't be true," spoke Nurse Jane. "I don't want to come for a ride!" asked Uncle Wiggly. "Thank you, no," Nurse Jane answered. "I am going to be a chocolate cake."

"Then I must hurry off to find an adventure, so I may hurry home to eat the chocolate cake," laughed the bunny uncle. "I wouldn't be late on an account when I know there's going to be chocolate cake for supper!"

Uncle Wiggly hopped into his auto, made a low and polite bow to Nurse Jane with his tail, silk hat, and then he rode, taking a ride to look for an adventure.

He had not gone very far before all of a sudden, the bad-old Fuzzy Fox peered over the top of the mailbox, and said to the Wolf who was with him:

"There goes Uncle Wiggly in his auto. First time I've seen him in this spring. I know how we can catch him and nibble his ears!"

"How?" asked the Wolf. "Puncture one of his tires," barked the Fox, just like a dog. "If we let the air out of one of his big bologna sausage tires the auto will have to stop, and then we can nibble that bunny's ears."

"But how are we going to make a hole in the tire?" asked the Wolf. "Uncle Wiggly is going so fast in the auto that we can't run after him," said the Fox. "We can take a short cut up over the hill and wait for him by the big evergreen tree. In the road we'll put some sharp thorns. When his auto runs over one of the thorns, it will surely get a hole in. Uncle Wiggly will have to stop. We'll be hiding in the bushes nearby, and can jump out and nibble his ears!"

"That sounds all right," agreed the Wolf. "We'll do it! We'll puncture his tires!"

"Together the two bad old claps ran up over the hill, down on the other side. Uncle Wiggly, having to go around by the long road would not be at the evergreen tree for some time."

The bad Fox and Wolf, picked some long, sharp thorns, and stuck them in the road, with the points up, like tacks.

"Just wait until he runs his auto over the thorns," chuckled the Fox, as he and the Wolf hid in the bushes. Pretty soon along came Uncle Wiggly in his auto. Now the bunny gentleman had sharp eyes, but he did not see the thorns in the road, and as his second eye ran over one of the sharp points, it pierced the tire.

"Bang! Bang!" went the tire, as the air blew out. And the air came out of the tire so hard that it blew a lot of stones and gravel in the eyes of the Fox, who was looking out of the bush to see what happened.

"Oh, wow," howled the Fox, his eyes full of grit. "I can't see to nibble his ears!" he cried. "You'll have to do it, Mr. Wolf. But save me a little!"

"I will!" growled the Wolf. But just then the other front wheel of the bunny's auto ran over another thorn.

"Bang! Bang!" Out blew the air and as there was a little puddle of muddy water in the road, it blew a lot of this in the eyes of the wolf.

"Oh, wow!" howled the wolf. "Now I can't see, either! Oh, what bad luck we are having today!" and away he and the fox ran, bumping into trees and rocks, and everything, for they couldn't see.

"Ha! Ha!" laughed Uncle Wiggly. "Two tires punctured, but that's better than having my ears nibbled. And I have two new tires I can put on." So he put on new tires and hurried to his bungalow to eat the chocolate cake, which was most delicious.

About WOMEN

Women state and municipal employees in Holland are paid an equal wage with men.

One automobile in every twenty-four is owned and operated by a woman.

In Australia women have been admitted for the first time as associates of the Royal Victorian Institute of Architects, in Sydney.

Foibles of Famous Folk

Written by Themselves.

Frank Otis

Mayor of Alameda

What profession would you choose? Ans.—I would adopt a mercantile career, though I cannot say that I would make money by following such a calling that I have in the profession I selected.

What event caused you to choose your present profession? Ans.—My membership of the first freshman class of the University of California, with my selection of the academic course (college of letters) as a preparation for the legal profession.

What would you do with a million dollars if you had it to give away? Ans.—I would give a part of the money to the University of California to help the construction of some building on the campus, but would use the major portion to erect and equip a first-class polytechnic high school in the city of Alameda as a part of the public school system, but I would couple the gift with a condition that loyalty to the United States of America should be consistently and permanently taught to the pupils so that it would be recognized by them as a paramount duty. Any surplus remaining would be used as a fund for maintenance of the school.

According to the Internal Revenue Bureau, women consumed about 20,000,000 cigarettes in the United States during 1920.

At the Very Last Minute By Fox

GRANTMAN!

6—You've Got to Crowd in to Get the Sucking Insects

(By United Press)

In all the time it is needed in the fight against the sucking insects the American Forestry Service in a lesson on how to get rid of them, has been told to crowd 'em and get every insect association points out. Since insects suck their food by the use of the so-called straw, the use of the straw in spraying is a very effective method of getting rid of them. It is necessary that the spray be applied in such a way that it will be in contact with the insects by contact with the straw. In spraying for this group of insects it is necessary that the spray be applied in such a way that it will be in contact with the insects by contact with the straw. In spraying for this group of insects it is necessary that the spray be applied in such a way that it will be in contact with the insects by contact with the straw.

Ear Primer!

Prune Whip

(MRS. L. WIESENDANGER)

One cup of cooked prunes, one-half cup sugar, whites of two eggs. Remove the pits from the prunes and mash thoroughly. Beat the whites of the eggs to a stiff froth, add sugar and the cup of mashed prunes. Bake twenty minutes in a moderate oven. To be eaten with a custard made of the yolks of the eggs, milk, sugar or nice mild whipped cream. The prune whip before baked is also nice for cake filling.

Letter of Terrie Joe

DEAR JOE—

I'm trying out your advice about convincing the baby that it's just as simple for him to speak pure English as impure baby talk, but so far I can't say I feel like a conquering hero in the matter. For instance, this morning he got a sudden mania for saying "Waw," and every time he said it I looked him straight in the little face, just like you suggested, and said "Papa," and every time I said "Papa" he looked me straight back in the face and said "Waw." It would be rather exaggerating to call that progress, wouldn't it, Joe? Personally I think it was just dumbness rather than any personal insult to you.

So after all, Joe, I just prove once more that we're all merely descendants of our own ancestors, and after thousands of generations of babies who were brought up to talk baby talk, how can we expect our own little angel to

Sees Husband Untrue

Dear Geraldine—I am a young girl of eighteen and have been married two months. I have often seen my husband flirting with

Abe Martin

There hasn't been a musical show at Melodeon Hall all season that had anything on our own Main Street Review. Nothin' takes the connect out of a fellow quicker 'n a hat store lookin' glass.

Lonely Wife. My heart aches for you and I admire the way you want to get along and try to have so many men and women that I can't advise divorce, because it is so exclusively their own business, but dear, you can't allow your little boy to grow up in the footsteps of his father. He must not have his life ruined by the example before him. Why don't you ask your husband if you can't separate for a few months and then give little sonny some love and care. Meet him with kindness on his return from school and he will respond if he doesn't see someone else shouting and swearing at you. The culture there is not everything. It can't be substituted for a true heart, but you have your life to make so accept the opportunity offered you to get along. I have a feeling that part of your husband's actions when you friends call, are due to over-sensitiveness. He does feel out of their class and can't hide his feelings, and you should understand this and try to help him rather than criticize. Let me know, will you, how it all turns out?

Co-operation Keynote of Big Banquet Held By Alameda C. of C.; Eastbay Destiny Told

Civic workers who played prominent part at Alameda Chamber of Commerce gathering. Top (left to right), OTTO RIEHL, MAYOR FRANK OTIS and CARL STROM, president of Alameda Chamber of Commerce. Lower (left to right), A. S. DUDLEY, secretary Sacramento Chamber of Commerce; JOSEPH CAINE, managing director, Oakland Chamber of Commerce, and J. H. KING, president Oakland Chamber of Commerce.

Business Men and Civic Workers of All Cities Attend Conference

ALAMEDA, April 15.—Co-operation was the keynote of thought left from the first Get-together banquet of the Alameda Chamber of Commerce in Neptune Beach pavilion last night. The banquet was the greatest gathering of business men that has ever taken place in Alameda and at its conclusion everyone was optimistic in the belief that it marked the beginning of a new era in the business, social and civic relations not only among the business men of the Alameda district but with the entire Eastbay district.

The big banquet pavilion was crowded, practically every business man and civic worker of Alameda being present as well as representatives from organizations of Oakland, Berkeley and San Francisco. President Carl Strom of the Alameda Chamber of Commerce presided.

KEYNOTE SPEECH

The keynote speech of the evening was made by Joseph King, president of the Oakland Chamber of Commerce, who said in part: "A new era is in process of birth for the Eastbay district. This side of the bay has a big part to play in the destiny of the things yet to come. If, however, we are to play our part to the fullest extent there must be developed a strong co-operative spirit. And I feel that this is developing. A nation is great only in the measure of its men. Here in the west we are new and we are plastic and in the hands of the men of today to be made into what we are to be. Men never work together or have an abiding faith in the development of a community unless they possess a vision. And I do not think that there is a better exemplification of the vision which we hold than the statement made by William Seward, Lincoln's secretary of state, who said that the Pacific ocean and the region beyond will be the chief theater of events in the world's history hereafter. That statement was made back in 1852. Only recently Sir Gilbert Parker said: 'It is possible that when the far west comes into its full life the

Pacific ocean will become the principal one of the world.' "Today these statements are coming true. We are at the dawning of a new era. There are but two openings to the sea on the Pacific coast that are, or can ever be, of the first class. These are the Puget Sound on the north and San Francisco bay to the south. Through these two gateways will flow the commerce of the world and nation. That has been ordered by the Almighty. And in a few years the most we shall be the heart of the nation's fleet of war and commerce. This is the vision of the future that should give you food for the fullest thought and the incentive to the greatest faith in this great Eastbay territory and its development.

"There is only one way that this development can be accomplished, however, and that is through the power of co-operation. You must see this vision of the future and have faith in both yourself and your community and work together for the final result. It is just as essential that you help your city develop as it is to develop your own business. Unless you do this your own business will not develop. We must get away from looking at our problems provincially. The spirit of co-operation is growing all through this great land of ours because the cost of government is becoming so great that men are getting together for the purpose of making progress and must be guided by its optimism. As a result, their common problems for the public welfare bring them closer together and create a better understanding. I am closing I want to leave this thought with you. On this side of the bay we are all in the same boat. We are all in the same boat. Unless there is the spirit of co-operation we can obtain nothing and will not advance to the great destiny which awaits."

SACRAMENTO TALKS

A. S. Dudley, secretary of the Sacramento Chamber of Commerce, also dealt strongly upon the development of co-operation and the community spirit.

"A community can secure anything that it wants if it gets together as a unit," he stated. "A city must think progress and must be guided by its optimism. It must have a clear idea of what it wants and must have the courage to live up to its ideals. It depends entirely upon the people themselves whether a town stands still or goes ahead. The chamber of commerce has a most vital and important part to play in the development of any city. It is entirely responsible if the citizens of any city do not understand and appreciate their responsibilities. It is also responsible in causing the citizens to admit the debt that they owe their city and in their liquidating that debt to the fullest extent. The chamber of commerce, in other words, is the schoolmaster of the country and must teach the citizens and stimulate their zeal."

Joseph Caine, who styled himself as a "naval base chaser," told of the fight which was waged to secure the base for Alameda. He also offered the prediction that the time was but a short way off when Alameda and the Eastbay region would be one of the most important places commercially in the world.

"I can see in the very near future the gathering of ships of commerce and war from every quarter of the

PHILIPPINES ARE VALUABLE ASSET, ASSERTS LAWYER

Declaring that the solution of the Philippine question which has been asserted was not a question of party lines but one of civilization and of interest to California, would be the development of this State to a greater degree, Harmon T. Bell, Oakland attorney and former food administrator during the war, speaking before the St. Andrew's Society in Pythian hall last night, urged all Californians to make the question a personal one.

"California should make its voice heard on this question," Bell said. "The future trade and commerce of this State is largely dependent upon the solution of the Philippine question. The golden key to the Pacific Ocean is in our hands, was thrown away."

Bell criticized the treatment of disabled veterans by the government and said that one of the demands this State should make upon the national law-making body is that immediate legislation be enacted favorable to veterans of the world war. He blamed the people in California for the excessive tax system. He declared the only possible remedy was the enactment of legislation which would curtail both expenditures of public money and the levying of taxes. He declared the California is living beyond its means.

"Business should come before selfishness," he said. "A contentious minority disturbs the business of the vast majority, because selfish interests are continually interfering. He referred in this to capital and labor disputes, wherein, he said, a few leaders often disturb the business of the majority because of the desire for personal gain."

S. D. W. J. to Install Its New Officers

New officers elected recently by the Sons and Daughters of Washington Junior will be installed at the next meeting of the organization to be held in the clubrooms in the Pacific building. The date for the meeting has not been announced. The new officers include: L. De Castro, president; A. Harris, vice-president; J. Ward, secretary; O. Jensen, treasurer; D. Merrill, sergeant-at-arms; I. Schonwald and F. Schreiber, trustees.

Richmond C. of C. to Reduce Directorate

RICHMOND, April 15.—The annual meeting of the Richmond Chamber of Commerce will be held tonight at the Richmond club house, and new officers and directors for the ensuing year will be elected at this time. It is planned to reduce the number of directors from seventeen to seven or nine, the latter board having been found unwieldy and not conducive to quick action. The directors are nominated by various civic and commercial groups of the city, and it is planned to consolidate several of the groups.

TRAINMEN'S BILL PASSED.

SACRAMENTO, April 15.—The Sharkey bill, prohibiting railroad companies forcing trainmen to ride on top of freight cars passed the Senate 22 to 18 this afternoon. Chamberlain changed his vote from "no" to "aye" and gave notice of reconsideration on the next legislative day.

POSSES HUNT MEXICANS

SANITARY FREE MARKET

Washington & Clay Sts. at 10th

2 lbs. 25c | 2 lbs. 30c
in your jar | 4 lbs. for 55c

To the Patrons of the
Missouri Boys:

At a business meeting attended by Mr. J. Pantogkey, owner of the Sanitary Free Market at 10th St., and a number of the tenants, it was decided to place on sale some table commodity which is regularly on sale at the market at a very special price for one day only.

After several food products had been under consideration it was unanimously decided that no more staple or reliable food product could be offered at a great special sale than the MISSOURI BOYS PEANUT BUTTER.

Through the help given in financing this sale we are enabled to make the greatest offer in the history of our business. Naturally we could not afford to sell an inferior article and on this one day you will buy peanut butter of the famous MISSOURI BOYS quality at an almost unheard of price.

We are proud of the confidence our patrons have given us during our many years of making peanut butter and selling it directly to the consumer.

We, of course, reserve the right to limit quantities, at this special sale as the price is far below the wholesale price and is offered at this small amount for the patrons of the market only.

2 lbs. 25c in your jar | Yours very truly,
The Missouri Boys
CHAS. & OTTIE SIZELOVE, Owners.

THE COFFEE MAN

Will remove his COFFEE DEPT., on May 1st from the

Sixth Street Free Market to

LONG, THE COFFEE MAN

Long's Market, 9th & Wash.

After nearly 15 years of constant occupancy of this corner, where we have done a wonderful coffee business, we have decided to consolidate all our coffee interests in our own-market, where we are putting in machinery and improvements which will make this one of the most complete coffee stores west of Chicago. With these added improvements we will have capacity for delivering 25 pounds of coffee per minute. So no one need be afraid that they will not get prompt service. Mr. Shuey, who has been your and our trusted and faithful servant during all these years at the old place, will remain with us at our market, and will be glad to meet and greet all his old customers and friends there.

BIG SPORT PROGRAM IS ARRANGED FOR STANFORD TOMORROW

JERSEY CITY, N. J., IS LIKELY SCENE OF THE CARPENTIER-DEMPSEY CHAMPIONSHIP BATTLE

California Is Being Picked To Win Meet

Interesting Finishes Expected When Bears Meet the Cardinal.

By DOUG MONTELL

Whether California wins by a margin of forty points or whether Dink Templeton's Stanford trackers upset a flock of dope and make a close go of it, the Stanford-California track meet looms up as the biggest event of a full day's card of sport at Leland Stanford Junior University tomorrow. There have been so many California victories of late that the dope indicates that the Bruins will return the winner tomorrow has failed to excite the average collegian of Berkeley who are prone to take it as a matter of course. Then too California has shown such marked supremacy over all comers in track this Spring that Stanford, with a team weakened by the loss of several star performers, can not be expected to stop the onrushing Bruins from making it two in succession.

After all it seems only right that California should enjoy a little supremacy in track for Stanford lauded it over the Blue and Gold for seven straight years and the w. k. were turning. Not that Walter Christie's champs are to be compared to that creature but the phrase remains the same. Yet the Cardinal have about as much chance of winning tomorrow as the Bears have of getting the job back, but for all of that it is going to be a good track meet and the prize money will be worth the price of admission.

Kirksey Figured Winner In 100-Yard Event

The dope indicates that Morris Kirksey, the Cardinal captain, should take the 100-yard dash from Hutchison of California by a matter of inches. It should be one of the features of the day and the winner undoubtedly even the distance under the 10 second mark. Third place looks to be a toss up between Calden of Berkeley and Wells of California. Wells has a better record than Calden and is a favorite but as it is Kirksey of California is expected to be the best chance of placing. The 220 will be just as pretty a battle as the century but here the situation is more than likely to be reversed with Hutchinson given a preference, again by inches, over the California should place Arkley third in this event as well.

Stanford Strong In Two Hurdle Events

In the two-mile Charlie Dorr of California is out to lower Earl Crabbe's record of 5:54 and with Denton, his teammate, pressing him closely the one distance he can hit a mark under 5:50 easily. He has never as yet been pressed so no one knows how he can carry on. Debate for six laps and then break the tape in 9:56 is some thing to watch. J. J. Jones both look better than Eddie Jones of Stanford, who's best time is 10:15. Six California runners have been doing 10:10.

Stanford will show strongest in the two-hurdle events. In the 120-yard high hurdles the Bears have a chance to sweep points with Wells, Williams and Kalk. If these runners are in line they are apt to leave the California hurdlers out of the score column. Henry Bassett and Henderson look good and Henderson is the most likely to place. In the 220 low hurdles Jess Wells will be an easy winner according to ability. Wells at his best is impossible to beat. Falk also navigates the low hurdles nicely. For the Cardinal while Ed Drew and Van Sant are the two best Bruins who are due to win points.

Both Teams Strong In Pole Vault And Javelin

The pole vault will be the prettiest exhibition of the day. While the record will not be touched in all probability the cross-bar will be moved to 12 feet 6 or 8 before a winner is announced. Stanford seems confident that Art Wilcox can annex honors with 12 feet 6 inches to his credit but Red Norris of the Bears will do 12 feet 8 if necessary according to the schedule. It is thought that Green of Stanford should take third. In the high jump Miller is the logical winner. California although how high Brick Williams and Green remain to be seen. Henderson and Dalton of California

Here Is Program of Sports at Stanford Field

FOLLOWING is the schedule of athletic events at Stanford tomorrow:

9:00 o'clock—Stanford Freshman-Oakland Tech swimming meet.
10:00 o'clock—Stanford-California variety tennis matches.
10:00 o'clock—Stanford-California variety track and field meet.
11:00 o'clock—Stanford Varsity-Stockton High School swimming meet.
2:00 o'clock—Stanford-California variety track and field meet.
3:30 o'clock—Stanford-California baseball game.

Baseball Gossip

Mayor John L. Davis showed that he is the better control than Mayor James Rolph of San Francisco. The local mayor heated a couple of balls directly over the plate yesterday, and they were caught by Mike Fisher, while in the opening celebration at San Francisco last week Rolph heated a couple past Chief of Police Dan O'Brien, battery-mate, before he got one over.

Frank Woodward was a very busy man, seeing that all the notables were seated comfortably. Frank was the man who arranged the big doings.

And what do you suppose Frank forgot to do at the luncheon? He didn't raise any pennant winning fund.

Al White, the little Oak second sacker collected two doubles and a single off Couch. Al also collected the 42nd order from Amoroso the Tailor for being the first Oak to hit the fence with a line drive.

Bert Ellison, the Seal left fielder, has a bathrobe coming to him for hitting the Mulvaney sign.

Hack Miller had his batting lamps dimmed yesterday. He didn't bat a ball out of the infield.

Wonder who will do the slugging for the Oaks today? Buz Arlet has a sore arm. Looks like it will have to be Harry Krause, with Herb McQuaid working for the Seals.

It is pretty tough for any of the Oakland kid pitchers to be sent into the box and expected to stop the Seals' attack after the confidence they had built up at the expense of the seasoned hurlers. The kids might make a better showing if it gives a chance to start a game. It's a cinch they couldn't do worse than some of the vets.

There was something wrong with Jimmy Caveney, yesterday, he failed to get his usual two-bagger. Sam Agnew and Dee Walsh were the only Seals who didn't get hit. But Walsh played a fine fielding game around second.

Wonder how many Oakland pitchers will face Herbie McFarlin when he lands out the pay envelopes today?

Shultz pitched the last two innings for the Oaks and did not without any scoring against him, although he walked two batters.

Will also be in the jumping for honors.

UNIVERSITY OF CALIFORNIA. April 15—The annual smoker party was held last night in Harmon Gymnasium with somewhere in the neighborhood of three hundred students in attendance. The annual smokers would have thought that it was a gathering of those interested in the outcome of the chess tournament in Cuba. Just what has hit the California campus is not known, but there was certainly lack of the w. k. looters on deck last night to give Walter Christie's championship track team a send off before the meet with Stanford Saturday. Dutch Neumiller, chairman of the rally committee, said something when he proclaimed that the California students had grown too cocky and expected to win everything in a walk.

Those who were there made all kinds of noise and enthusiasm ran high when the California track team was introduced. This was the main event of the evening, although numerous other things happened. Walter Christie was the speaker who drew the big share of attention for Stanford. He produced his annual dope sheet and showed just where California should win and four points Saturday mostly win. Wait figured it up that Stanford might get 40 points if Dink Templeton's meet did everything that has been claimed for them.

EXCURSIONS PLANNED FOR BRUIN ATHLETES

That the University of California will send the Varsity crew east this summer to the Poughkeepsie regatta, the track team to Cambridge for the I. C. A. A. A. meet, and the Varsity basketball team to Japan and the Orient was the decision reached by the students executive committee last night. Attempts will be made to arrange a crew race with Princeton on June 4, which date was previously accepted as satisfactory by the eastern university. Meets will also probably be arranged with universities on the trip of the track team to and from Cambridge, Massachusetts.

Thirteen men will make the crew trip, nine of the first boat, two substitutes, and Coach Ben Wallis and Manager Mage. Detailed plans for the track trip are not yet settled, but it is probable that ten entrants, Coach Christie and Manager Miller will make the trip.

Last year the university's five entrants to the I. C. A. A. A. took eighth place and with Stanford took fifth place. The defeat of Michigan, who proved herself better than Stanford, was the logical result. Harvard has led Blue and Gold supporters to hope for a first or second place in the big meet.

The Varsity baseball team goes to Japan at the invitation of Keio University of Tokyo, the largest institution of learning in the Orient. Sixteen men, Coach Zamloch and Manager Schaefer will take the trip. They will leave May 10 on the Tenryu Maru. Games are now on the schedule for the Far Eastern trip, the first being at Yokohama.

This trip will mark the first invasion of the Far East by a University of California athletic team since 1914, at the invitation of the Oahu

Robert Dodd to Referee Track Meet Tomorrow

Don Weaver, High Jumper, Will Be Unable to Take Part.

STANFORD UNIVERSITY, April 15—Stanford's track prospects have been handicapped by the illness of Don Weaver, the high jumper, who is in the hospital suffering from an attack of influenza. It is thought that it will be impossible for him to get into shape for tomorrow's meet. Weaver was regarded as a sure point winner.

THE OFFICIALS
Referee Robert Dodd
Track Captain Frank Post
Bench Official Eugene Reicher
Timekeeper Head timer Dr. Frank Angell
Judge of the finish Herb Cheek
Dr. A. J. Murphy
Recorder Charles Merrett, W. J. Classon
Weights, D. R. Ames, Moulton, C. H. Morris, D. J. Campbell
Box M. Peterson
Jumps Harry Lachman, Prof. J. D. Canning, R. Cowles, M. Sterling
Shot Robert Hunter, C. H. Minto, J. J. Tomlinson, Ray Daugherty

Announcers F. Ostrander Cobb

UNIVERSITY OF CALIFORNIA. April 15—The California and Stanford water polo teams took up on the Stanford lagoon tomorrow morning the first intercollegiate water polo game of the 1921 season.

Barry O'Connor and Jack Robertson in the forward line, are expected to star for the California team on the offense with Westover and Lockhart the mainstay on defense. The California team was seriously handicapped in the loss of Hank Day, the star right forward who has been confined to bed for a week. Al Harrison will be moved up from the back field to take his place with Jimmy Sharp fitting into the backfield combination.

Stanford has a veteran aggregation in the 220 order from Amoroso and Stern as the brilliant stars and Amkele in goal will be found to be a bright light. The Cardinal have six veterans of the seven who won for California last year, losing Henry Miller, who is on probation.

The line-ups as announced, Stanford—Strauss, Stern, Austin, forwards—Darling, Welch and Dorland, backs—Amkele, Amkele, Amkele, California—Harrison, Robertson and O'Connor, forwards, Lockhart, Westover and Sharp, backs, Crutcher, goal.

Calgary, Ambrose to Stage Benefit Game

Bill Crosby, manager of the Ambrose Taylor team, is rounding up a fast collection of stars to tangle with Joe Devine's Calgary club at the Oakland Coast League park on Sunday afternoon at 2:30. The game is to be staged for the benefit of St. Patrick's parish church in West Oakland. Father O'Connell, a great baseball fan and booster for the Oaks, is pastor of St. Patrick's. He may go out and pitch the first ball. Johnny Gillespie and possibly Scarby Adams will pitch against the Tailors, but Bill Crosby says that Devine will have to use all his pitchers. Crosby will announce his full lineup tomorrow. Devine's club has been training at Alameda.

G. W. P. Giants Will Play Clement Drug

The Clement Drug Club will strengthen their opening Saturday engagement with the fast Great Western "Giants". The Giants have yet to taste defeat playing such teams as University of California Standard Oil, Central Bank Moore Yards Like, etc. Monty Pyle, field captain and Bill Osgood, manager of the Giants are backing on Young Speed Jensen to pitch against the pill powderers. Red Grosz will receive for the Giants. The game starts at 2 p. m. at the Coast League grounds tomorrow.

Concord Hands Elks Man's Sized Beating

Concord defeated the Oakland Elks Sunday at Concord in a one-sided game. The Elks, who were the fourth place team in the league, were completely out of the game. The scores were:
CONCORD: R H E
Fisher 4 4 1
Levada 4 4 0
J. Soares 5 3 0
Bender 3 2 0
O. Soares 2 3 0
Verf 0 0 0
Sweeney 3 2 0
McCurdy 0 0 0
Totals 30 24 1
Summary: Stolen bases—Levada struck out by Cronin 1, by Cronin with 2 batters on. Levada 2, J. Soares Red Lummer, Schannel. Three base hit—C. Soares, Bar's on balls—Concord 6, Elks 4.

Pop Boyer Attends the Opening Festivities

"Fun thing that Salt Lake trip done for them Oaks," boomed Pop Boyer last night, "and that wuzz to make 'em the greatest actors in the country. Actors stage actors. 'I've ever see anybody put on 'Twin Reeds' prettier 'n Mitze and Kramer done it when Kramer stole home! Both of 'em playing deep thinking' parts in that noble drummer, and when Kramer got to actin' he tossed the ball up towards Mitze and Couch I think it wuz hit to it center for a single and two runs came over on them sleep walkers. Then they tried to prove it that Kramer wasn't in his own little white head but was reposit' in a sleeping porch near second base, but 'twant no go."

"If 'twant actin', it wuz the sleeping stoniness and one of them Seals caught it standin' alongside Knight, and he got hit in the stomach with the ball. 'Bout that time I thought I better beat it because I don't wanna git no sleepin' sickness. I hev to work this corner till two o'clock in the mornin' and even if the Oaks keep sleep and even their dough I hev to stay awake to grab off any fur myself."

Tried all last week to reach Mayor Davis and keep him from opening the jacket, but he wouldn't get past his enemies in the outer office. Davis oughter be recalled for what he started today. I noticed he did beat it 'long about the sixth inning but I figured he was hittin' it fur the Board of Health to tell 'em what wuz goin' on out there."

"On the level the openin' oughter be for ball players and ball fans. Next time I hope they will put right old time ball players in the points on openin' day. 'Believe like Bill Lange and Rip Van Wiltzen or Joe Corbett or."

"You used to play ball a little yourself, didn't you, Pop?" was asked it this juncture. "I was getting his voice down to a confidential level so no one in Berkeley or Alameda need be disturbed. Never mind if I did water hit on a little 'rejuvenated Pop. Very modestly but them guys I named and some others wuz honest ball players from California and they done the state a world of good advertising. Dig 'em up for new 'openin', sez I." and Pop gazed disdainfully at the city hall tower. I gave him an inspiration.

They's wuz thing the mayor ken do for the good of the game round here. I assumed the famous Thirteenth Street merchant and that he to start the grand old diggin' into the records to find out how long since the Oaks made a show in against the Seals. It's been so long now that I guess when he happened Grizzly Adams was been a mole hill and the old day was a little creek. I understood they did win one from the Seals but the grand old diggin' look into that too and find out how come."

FINANCIAL

Atlanta Building Union Cuts Its Own Wage Scale

Special to OAKLAND TRIBUNE
By CONSOLIDATED PRESS

ST. LOUIS, Mo., April 15.—There has been much activity in this particularly home building market and trades have exceeded expectations.

Building and trades unions, as by the bricklayers and masons, voted unanimously to reduce their rates 25 per cent, and an \$1 a day, for an eight-hour day, which they expected to follow. The outcry against the high cost of building materials is bearing fruit. Brick is selling at low prices. One leading maker will sell at the pre-war price of \$12 a 1000 for facing brick and \$10 for backing brick. Sand and cement are negotiating for wage reductions, leading in mind lowering the price as well. Lumber is lower and structural framing is beginning to weaken. South the delayed cotton movement is the chief disability to the cotton export market. The steel held since approval of the first \$2,000,000 loan approved by the

STATE BANKERS' MEETING AFFECTED BY HOTEL LOSS

Change to Del Monte or South Plan; Santa Barbara Lacks Rooms

As the result of the burning of the Hotel Ambassador at Santa Barbara, a change is to be made in the plans of the California State Bankers' association, which was to have met in Santa Barbara in May from the 25th to the 28th. There were 700 rooms in the Hotel Ambassador, and the loss of this hotel makes it impossible for Santa Barbara to house the convention, the Hotel Arlington alone remaining as a suitable convention place.

According to word from James B. McCarger, president of the association, the convention is being considered, telegraphic offers having been made for the convention to be held at the Hotel Arlington.

Views of the executive committee of the association are being obtained from the Hotel Arlington.

George S. Meredith of the Farmers and Merchants bank in Oakland, who is a past president of the association, is ex-officio a member of the executive committee. J. M. Warren of Santa Barbara, a member of the committee, interviewed by telephone, has advised a change of convention city.

CHICAGO GRAIN

CHICAGO, April 15.—Higher prices in the wheat market resulted today from renewed hopes of a settlement of the British wheat strike. Opening prices, which varied from unchanged to a half lower, with May 1.25 1/2 to 1.26 1/2 and July 1.05 1/2 to 1.06 1/2, were followed by a material advance all around and then somewhat of a reaction.

Subsequently definite countermanding of orders for British wheat was announced, and prices rose again. The close was 1.26 1/2 for May and 1.06 1/2 for July.

Options: May 1.26 1/2, July 1.06 1/2. Cash: May 1.26 1/2, July 1.06 1/2.

Barley: May 1.26 1/2, July 1.06 1/2. Corn: May 1.26 1/2, July 1.06 1/2.

Options: May 1.26 1/2, July 1.06 1/2. Cash: May 1.26 1/2, July 1.06 1/2.

Newsboys Help Police

Capture 2 Fugitive

BERKELEY, April 15.—Robert Osterman, 2215 McGee avenue, and Paul Thomas, 1813 Bonita avenue, 12-year-old newsboys, proved heroes last night in aiding

the police in capturing Harry Stone, 24, and Jack C. Allen, 19, both wanted on charges of theft of four suits of clothes from local cleaners. The police the men went to the Marshall Steel Company, Center street and Shattuck avenue, and secured a \$50 suit belonging to W. R. Robinson and left to be cleaned. The same method was used in the other

cases. The newsboys recognized Stone and Allen and aided the police in their capture. Confessions were made by the prisoners, say police.

TEARS SHED BY
MRS. BROWN AS
LETTER IS READ

Message of Love She Sent to
Man She Seeks to Divorce
Causes Break Down.

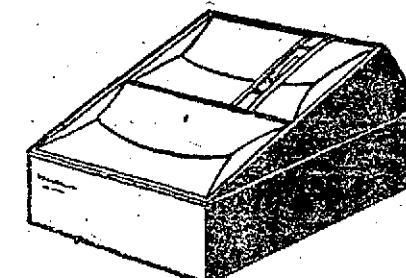

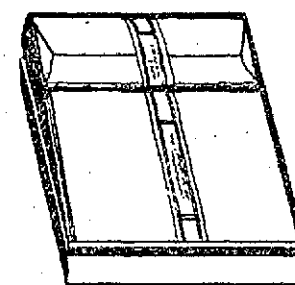

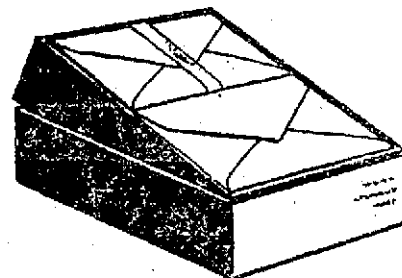

"I'm hungry for you and a little love. Won't you come again to this lovely place and have another little honeymoon? Lots and lots of love."

When the above—an excerpt from a letter alleged to have been written by Mrs. Florence Sharon Brown, society woman of Piedmont, to her husband, Herbert Hamilton Brown, from Del Monte—was read in Superior Judge Joseph Koford's court yesterday afternoon where Mrs. Brown is seeking divorce and alimony of \$500 a month, Mrs. Brown broke down and wept hysterically. It required an intermission of almost an hour before the woman recovered and was able again to take the witness stand.

When the witness was taken under re-cross examination late yesterday by her husband's chief counsel, M. C. Chapman, it was discovered that with the aid of a packer of pins she had entirely disarranged the letters in the case. Long discussions were held between counsel, Judge Koford and Mrs. Brown in an effort to bring the exhibits back to normal, but it was a failure. Mrs. Brown had taken the exhibits from the clerk of court and had pinned them together in a new order.

The witness said that she did not know that she was being guilty of any improper court conduct and pleaded that she had made the mistake through lack of knowledge of court procedure. It was ordered that the entire collection of letters in evidence be re-sorted by Mrs. Brown. Allegations were made by the witness that a millionaire bootlegger is operating in Piedmont. She said that her daughter Willette, 15 years old, was the "detective" in the case, who had searched and found her father's automobile in front of a home in Piedmont. Although Brown had left his offices in San Francisco early he did not return to his home for a late hour for many days in the week and when he returned he came laden with "sometimes a case, sometimes only a few bottles of Scotch," said the witness.

After a week of grueling re-direct and cross-examination, during which she was on the witness stand for a total of more than twenty hours, Mrs. Brown is at Curran-by-the-Sea today, recuperating from the effects of the ordeal. She plans to spend the week-end at her home there until the case is continued Monday morning.

Writing Paper

An unusual value—Linen Finish Bond

Pound packages of writing paper—Linen finish bond. 60 sheets to a package—no envelopes—white only at 25c per package.

A RAW, SORE THROAT

Eases Quickly When You
Apply a Little Musterole.

And Musterole won't blister like
the old-fashioned mustard plaster.
Just spread it on with your fingers.
It penetrates to the sore spot with a
gentle tingle, loosens the congestion
and draws out the soreness and pain.

Musterole is a clean, white oint-
ment made with oil of mustard. It
is fine for quick relief from sore
throat, bronchitis, tonsillitis, croup, stiff
neck, asthma, neuralgia, headache,
congestion, pleurisy, rheumatism, lum-
bago, pains and aches of the back or
joints, sprains, sore muscles, bruises, chil-
blains, frost-bite, colds on the chest.
Nothing like Musterole for croupy chil-
dren. Keep it handy for instant use,
50c and 65c jars; hospital size \$3.

No home should be with-
out Resinol Ointment to be
applied to the first bit
of itching rash or redness.
Its mild, harmless ingre-
dients and its success in
healing eczema and kind-
red ills have made it a
standard skin treatment
and a favorite with doctors.
Sold in two sizes.
Ask your druggist for it.

Resinol
